VOLUME LXXV — THE TIMES-GAZETTE, REDWOOD CITY, CALIFORNIA, FRIDAY EVENING, OCT. 18, 1946 — 4 PAGES

Gazette Personals

Grunion Z. Schmeckenklipp writes in to inform us that Mr. Figaro, whose unloseable golfball and de luxe shower cabinet inventions we reported last week, is not the only inventor in Redwood City.

Schmeckenklipp points to two of his newly-perfected devices which may bring fame to our city soon. His pet, he said, is an ice cube which does not dilute a drink. For example, if you are drinking a root beer with ice cubes in it, the melting cube will continually reinforce, rather than weaken the beverage. The cube is not frozen water, but frozen root beer (it will come in other flavors) and is permeated by bubbles of carbon dioxide. As the frozen root beer cube melts, your drink not only is cooled and increased, but also the bubbles of carbon dioxide are released, charging the beverage anew.

His other invention is a handy pocket tool which, he claims, is a corkscrew, potato peeler, diamond drill, bottle opener, piano tuner, pile driver, Geiger Counter, and U awl.

Schmeckenklipp couldn't bring this handy pocket gadget around for us to inspect before press time. He said his truck had broken down under its weight.

Members of Girl Scout Troop No. 61 and a group of Belmont's young people entertained at a recent meeting of the Belmont Civic Assn. with a folk dance exhibition, under the supervision of Mrs. Jean McKenzie, leader of the troop.

The troop, along with some of their interested parents, practiced their folk dancing this Summer at the home of Mrs. McKenzie.

Plans for the Court-of-Awards followed by the variety show are now being made by the Girl Scouts. The show will take place on Oct. 25, at 8 p.m. in the Community Hall in Belmont. Admission is free to all.

The Guild Auxiliary of St. Peter's Episcopal Church is planning a rummage sale to be held on Nov. 1 and 2 at the Five Points Automotive Garage, 2101 El Camino Real.

Mrs. Harry Feldscher, chairman, telephone RC 776-J, or Mrs. William P. Grover, co-chairman, telephone SC 1729, may be contacted by members wishing to donate articles for the sale. All members have been urged to go through their attics and basements for household articles and clothing, which may be sold to benefit the church.

Maj. Benjamin G. Taylor, Box 2595, Route No. 2, is expected home sometime this week, after serving with the Intelligence Section, a part of Gen. Mark W. Clarks' United States Forces in Austria.

Major Taylor is a graduate of the University of California, at Berkeley, where he and his family lived before coming to Redwood City seven years ago.

★ ★ ★

Edward Walsh of 1166 El Camino Real, Menlo Park, was appointed today by the State Veterans' Board to a seven-man advisory committee for the California Veterans' Home at Yountville.

Other members are George A. Marshall, San Rafael, chairman; Joseph S. Long, Riverside, vice chairman; and Percy King Jr., Napa; Robert Mitchell, Vernon; William J. O'Connor and Reed Robinson, San Francisco.

30 Years Ago

Experimenting with a new control in one of his planes at Christofferson Field, Redwood City, Silas Christofferson fell 100 feet to his death. Christofferson, who gained national fame for his cross country flights, and his hops over Mt Whitney, built the plane in which he met his death here in Redwood City.

★ ★ ★

Wilson was elected president by a majority provided by the Western states in which his opponent Charles Evans Hughes, was expected to capture a good margin of votes. Wilson's election was heralded as a defeat of prohibitionists in the country. Redwood City voted two to one against prohibition in the same election.

★ ★ ★

The board of supervisors voted approval of a $15,000 bond issue for the purpose of buying property and erecting a school in San Carlos.

★ ★ ★

The Pioneer Stables on Main St., built in 1860, were torn down to make room for the new Masonic Hall.

★ ★ ★

Luther Burbank presented a silver cup to the Lynch Nursery Co., of Menlo Park, for the best specimens of chrysanthemums exhibited at a flower show in Santa Rosa.

★ ★ ★

A committee investigating possible sites for swimming in Redwood City reported that among the sites suggested was Redwood Creek between Broadway and East Bradford St. Another suggestion was Homestead Creek on the lands of the Harbor Improvement Co.

★ ★ ★

Evidence of the prosperity and growth of Redwood City was the increase of capital stock in the First National Bank from $100,000 to $200,000, and of the San Mateo County Savings Bank from $50,000 to $100,000.

The Redwood City Transit Co. announced the purchase of a Fagl flexible car, and plans to buy more of the vehicles to modernize the city's transportation system.

SEDAN STOLEN

Charles Deutsch, Box 119, Rutherford Ave., reported to police that a 1931 Buick he owns was stolen from a parking lot near the Southern Pacific Co. station some time Saturday.

Good Work! Keep It Up!

With only three of more than 30 residential districts completely canvassed, the grand total of the Redwood City Community Chest Drive Thursday equals $17,957.44, according to Exec. Secy. Evelyn Carlson.

Residential contributions now total $2500, with the Native Daughters of the Golden West, the Eagles and the Sequoia High School Teachers Assn. the first three groups to complete their assignments.

Elementary school teachers contributed $124 from three schools, Woodside has turned in $2586, Emerald Lake $545, and Friendly Acres-North Fair Oaks $292, Mrs. Carlson said.

Employe groups have contributed $641.20, with recent returns from the California St. branch, Bank of America and from the Jay-Dee Leather Co., which turned in $99.50.

No reports have been received from the 20-30 Club, Rotary Club, V.F.W., Owls, American Legion, N.S.G.W., Rebekahs, Odd Fellows, or the Rainbow DeMolay Mother's Club, Mrs. Carlson said.

Teams:

Sequoia P.T.A.: Mrs. Arthur Tucker, colonel, Mmes. J. R. Prather, Harvey Hall, E. E. Lofgren and S. S. Mayo.

Lincoln P.T.A.: Mrs. Joseph Franceschi, colonel, Mmes. Walter Murphy, Edward Brickey, Jacques Jimenez, W. R. Nobs, Willis Clover, Charles Vannucci, Arthur Muth and Lewis Watson.

Redwood City Woman's Club: Mrs. Paul Leigh, colonel, Mmes. Park Q. Wray, A. S. Ligouri, Elmer Morrish, R. S. Kirkland, J. A. Walden, Henry Beeger, A. B. Cheatham and Evelyn Carlson.

N.D.G.W.: Mrs. Madeline Wallace, colonel, Misses Gertrude MacPherson, Margaret Locatelli, Emary Blood, and Mmes. Dolores Bozzo and Madalaine Hefner.

Y.M.C.A.: Donald Bogie, colonel, D. A. Johnson, Otto Tallant, Rev. Roland de Vries, Rev. Jesse Lacklen, Rev. Ralph Benson, D. A. Johnson, Earl Whitaker, Richard Sylvester, Wilbur Doxsee and James Batchelor.

A Youthful Gang

Eight Redwood City high school-aged youths were in the San Mateo County juvenile detention home Thursday as police sought to stamp out a wave of automobile thefts.

As closely as Police Lt. S. D. Wood can figure, there are two well-defined gangs of youngsters which police are rounding up.

Three of the youths captured were apprehended as they attempted to siphon gasoline from one stolen vehicle to another on La Canada Rd.

Another pair was captured when they returned from a three-state tour after dumping a stolen car in Placer County. There are three more in this particular gang. Two of these three are already in custody and another is believed working in either Oregon or Washington. He was one of a trio which made the three-state trip and left the party to accept employment.

Wood said that the four vehicles stolen from Redwood City had been recovered. The gangs also took one car from San Francisco.

The lieutenant characterized the youths as "young punks" and said he could not give a reason for their multiple thefts. They had not attempted to unload any of the hot cars, merely driving them for a while and then abandoning them.

In line with Redwood City police department's practice, the lieutenant would not release the names of captured juveniles.

Irle D. Searcy, 245 Johnson St., was released from the San Mateo County jail today after posting $150 cash bail. He was arrested and booked by Redwood City police on a charge of drunken driving after G. L. Fonda, 146 Madison Ave., had signed a complaint.

Fonda charged Searcy's vehicle struck an auto driven by Fonda yesterday on El Camino Real at Center St.

Back in County Jail

George Green, county jail perennial, was "home" again Thursday.

Green, 74-year-old "president" of the Belmont jungles, was arrested in Hillsborough for drunkenness Wednesday night. He had been released from the county jail only a few days ago after completing a 30-day sentence on the same charge.

He has been a habitue of the present jail since it was built, and of the old county jail before.

A Baptist Convention

The Rev. and Mrs. C. H. Gatchell left on Thursday for a few days visit with their son, Fred, in Fresno, and to attend the Northern California Baptist Convention, which opened in Selma on Tuesday.

Others who will attend from the Redwood City First Baptist Church include Pastor and Mrs. W. B. Smith, Organist and Mrs. Max Barnhart, Mrs. C. R. Herten, awaiting orders to join her missionary husband in Burma, and Mrs. J. Erhort, vice president of the Women's Missionary Society.

Members of all the Bapist churches in California will attend the convention.

A Library Conference

Three members of the San Mateo County Library will attend the annual California Library Assn. conference at Coronado, Oct. 15-19. They are, Miss Clara Dills, Mrs. Caroline Coffinberry and Mrs. Gladys Brown. Miss Dills will also serve on the reception committee.

The conference this year will be the first since the end of the war emergency, and will bring together the largest gathering of librarians in the state.

A Serious Accident

Four San Franciscans were injured, two seriously, on Friday night in a collision that totally demolished one car and sent the other plunging into a canal at Bayshore Hwy. and San Bruno Rd., near San Bruno.

Joseph J. Figueiredo, 46, San Francisco importer, suffered a possible skull fracture, chest fracture, back injuries and severe shock. His condition was listed as serious at the South San Francisco General Hospital.

His wife, Lillian, 36, and daughter, Norine, 13, sustained minor injuries. All three are in South San Francisco Hospital.

Harvey C. Boissier, 21, is in serious condition in Mills Memorial Hospital with extensive cuts, bruises and consussion.

The accident occurred while Boissier, a mechanic for United Air Lines, was driving across Bayshore Hwy. on his way to work. He collided with the car driven by Figueiredo, who was going north on Bayshore Hwy.

Boisser was hurled from his car, which dived into the mud and water of a canal on the east side of the highway. Figueredo's car overturned and came to rest on its top. Both automobiles were new 1946 model sedans.

With his wife standing only a few feet away, a 60-year-old man was was struck down and critically injured late Friday on Bayshore Hwy. near Seventh Ave., in San Mateo.

He was John Rhodes of San Bernardino. His injuries included fractures of both legs, a possible broken neck and possible fractured collar bone. His condition today was termed "very serious."

Driver of the car which hit Rhodes, Henry Charles Suenderman of Colma, said the pedestrian "seemed to appear from nowhere" in front of him on the fast lane of the highway. He was traveling between 35 and 45 miles an hour at the time, he said. Police did not hold him.

The injured man's wife, Mrs. Barbara Rhodes, said her husband started across the street to see about accommodations at an automobile court.

Blinded by headlights of an oncoming car, he drove his car up onto the sidewalk and into a parking sign and a pole, William H. Hecker of Sunnyvale told Menlo Park police after an accident early Saturday morning at Santa Cruz Ave. and El Camino Real.

He was treated at Palo Alto Hospital for cuts on the forehead and under the eye and then dismissed.

A Lively Performance

"Down South American Way" was the opening number Friday evening when a group of talented Redwood City children presented a song and dance program at the Palo Alto High School auditorium for the Palo Alto Post 375, American Legion and Auxiliary.

The program, a benefit for the building fund, featured Dorothy Roberts and her "Stars of Tomorrow."

Tango dancers in the opening number were Phillip Giannoti, Jack Langley, Dee Ball, John Quigley, Leon Avrechm, Darrel Martin, Jimmy Reynolds, Gary Bolton, Dickie Smithee, Jerry Ellen Bedbury, Jill Langley, Audrey Ball, Mary Quigley, Sharon Chapman, Claudine Sierra, Judy Tomlin, Caroline Norton and Barbara Koch. Joan and Marsha Buffa did "Chico Chico" followed by an acrobatic toe dance by Nancy Pfiefer.

Camile Giannotti, Marina Merlet and Jeanette Puchner did a chair tap and Wanda Davis a song and dance. This was followed by tap acrobatics by Doris Jean Stevens and Diane Smithee.

Baby bunnies were Judy Baily, Mary Reynolds, Doris Raynolds, Judith Darr, Roger Smith, Edgar Nelson, Denise Montague, Nadia Seymour, Susan Stacks, Sandra Korff, Lilliam Dematteis, Dolores Dematteis, Judith Hext, Pamela Nowlin, Jo Anne Hudson, Naidra Fannon, Diane Walker, Peggy Gleason, Suzzane Bartlett, Mary Ann Thorup, Diane Wyant, Caroline Eldredge, Venoma Martin and Noel Amherd.

Succeeding acts were Barbara and Carolyn Nelson, acrobatic tap; Doris Jean Stevens and Anne E. Walker, vocal number; Darrel Martin, Dee Ball, Phillip Diannotti and Dick Langley, singing waiters; Patsy Hawkins, Russian toe; Leon Averech and Jack Langley, fruit merchants; Diane and Claudette Smithee, acrobatic; Wilma Parrish, Joanne Anderson, Elsa Warren, Lynn Warren, Phyllis Lang, Yvonne Lang, Camille Gianotti, Louise Romaneski, Mary Romaneski, Patsy Hudson, Janis Towers, Diane Weymouth, Claudette Collins and Jean Pickering.

Margie Largeson, solo; Dick Smithee and Caroline Norton, song and dance; Claudette Smithee, acrobatic; Marsha Buffa, Joan Buffa, Carol Carlson, Sharon Speiser, Cluadette Collins, Maurice Merlet, Jeanette Puchner, Wanda Davis, Nancy Pfiefer and Patsy Hawkins, engineers; Barbara Koch, Caroline Norton and Gary Bolton, soft shoe; Roberta Smith, song; Beverly Collins, tap; Caroline Norton, Barbara Koch, acrobatic; Dickie Smithee, dance; Gary Bolton, dance and Claudette Smithee, Diane Smithee and Margie Largeson, baton dance.

MANNING JOSEPH FERRIERA is the name chosen for the son born to the Manuel Ferrieras of 313 Poplar Ave. on Oct. 7 in the Palo Alto Hospital.

Let's Check T.B.

A committee of 18 San Mateo County residents headed by Dr. Harry C. Warren, Atherton physician, has been appointed by the executive committee and officers of the Tuberculosis and Health Assn. to carry on the 1946 Christmas Seal Campaign.

Eugene S. Salvage, of San Mateo, president of the association, in making this announcement Saturday said a budget of $37,500 had been set up — largest in the association's history. He explained that increased costs had necessitated the obtaining of more funds than ever before. In addition, he said, it was desired to accelerate the work of the association through its Christmas Seal X-ray Laboratory because it was now possible to cure tuberculosis if the cases were found soon enough.

"The X-ray laboratory offers us the perfect opportunity to detect tuberculosis and other health defects in their early stages," he said, "so we desire to X-ray just as many San Mateo County citizens as is possible at the very earliest date."

Named on the committee with Dr. Warren were Superior Judge Edmund Scott and T. N. Thompson of Redwood City; Rev. B. L. Carson, Mrs. L. G. Evans, J. Howard Walzer and President Selvage of San Mateo; Ellis Benson of Half Moon Bay; Percy C. Cavanaugh of Millbrae; Joseph Civelli and Julio V. Dougherty of Hillsborough; Mrs. Myrtle Cotter of South San Francisco; Norvell Gillespie, George A. McQueen, Albert H. Randall and Eugene E. Umland of Burlingame; Mrs. John R. Miggs of Lomita Park, and Mrs. Lloyd W. O'Donnell of San Carlos.

A Night Fire

All residents of a three-apartment home at 1405 Middlefield Rd. fled into the street in their night clothes at 2:54 a.m. Saturday, when a mattress caught fire in one of the rooms.

Earlier in the night Redwood City firemen had used an inhalator on Norbert Lambert, prominent Redwood City realtor and son of a former mayor here, after he had been partially overcome from gas fumes when a refrigertaor line burst at his home at 1519 Hopkins Ave.

Firemen were summoned to the Lambert home at 10:35 p.m. after Lambert had been almost overcome while looking for the gas leak. Firemen immediately opened all doors and windows.

The Middlefield Rd. fire was in a room occupied by Joseph Valentine in an apartment house operated by Maude E. Burns. Fire Chief Joseph Lodi said the fire started from a short circuit in a desk lamp beside Valentine's bed.

A passerby noticed the flames and pulled an alarm box. Valentine had awakened before firemen arrived. The mattress was burned around the edges.

Firemen said they did not know the number of persons who fled from the home when the fire was discovered. Damage caused by the fire was estimated at $75.

An awning fire at Walt's Barber Shop, 807 Winslow St., was extinguished by Redwood City firemen Friday at 9:16 o'clock. Damage was estimated at $75. The fire apparently was caused by a cigaret being flipped into the folds of the awning.

Keep GI Insurance

All veterans were urged to consider taking advantage of the extended and liberalized benefits under the amendment of the National Service Life Insurance Act by Floyde D. Granger, veterans' service officer of San Mateo County, at a recent meeting of representatives of organizations interested in veterans' affairs.

The act, effective Aug. 2, 1946, allows veterans to reinstate policies which have lapsed by payment of two months' premiums before the end of the current year. No physical examination is required if they are in as good health as when the policy lapsed.

Some of the general provisions provide low rate policies to continue without change for from five to eight years. Twenty-year endowment policies may now be obtained, and all restriction on choice of beneficiaries have been removed. Beneficiaries may now be paid in a single lump sum, or in equal monthly payments. Provisions have also been made for disabled veterans and for insurance loans.

All persons who served in the armed forces between Oct. 8, 1940 and Sept. 2, 1945 are entitled to apply for the new National Service Life Insurance.

Veterans desiring information about policies are invited to call at the veterans' service office in the county courthouse any day between 9 a.m. and 5 p.m.

Arrest Woodside Man

James M. Marramore, 28, La Canada Rd., Woodside, was arrested by Redwood City police Thursday on a warrant charging drunken and reckless driving.

The warrant was issued to Paul J. Meyer, 319 East Hopkins St., by Police Judge W. H. (Bud) Thorpe. Meyer claims the incident which led to the arrest occurred on Oct. 7 on El Camino Real near Harrison Ave.

Marramore was released from the San Mateo County jail after posting $250 cash bail.

$50 AUTO FIRE

Redwood City firemen extinguished a $50 automobile fire Wednesday at 9:19 p. m. on Broadway at Arguello St. The fire was confined to auto cushions.

She's Mrs. Fogelman

At a quiet ceremony in Reno Friday, Ruth Bradshaw, daughter of Mrs. Lewis Bradshaw of 760 Upton St., Redwood City and the late Mr. Bradshaw of San Francisco, was married to Robert William Fogleman of San Francisco.

The couple will honeymoon at a cabin in the Santa Cruz Mountains and afterward will reside in San Francisco.

Ruth attended schools in San Francisco, while Robert served in the army for three years, and spent 17 months overseas. The couple met in the San Francisco offices of Metro-Goldwyn-Mayer where they are both employed.

She has one brother, Mr. Lewis Bradshaw Jr., formerly of Redwood City and now of Los Angeles and four sisters, Mrs. William Hollis Sarle of San Carlos, Mrs. James Dockes of San Mateo, Mrs. Charles Cassasa and Mrs. Harold Philips of Redwood City.

A shower was given for Ruth by her sisters, at Mrs. Philips' home, 45 Hillview Ave., on last Tuesday. The table was a picture in white and silver with white chrysanthemums decorating the center.

Those present were Mrs. George Gillespie, Mrs. Stanley Cassasa Mrs. Lewis Bradshaw Sr., Mrs. John McCreigh, Mrs. Edward Erkkila, Mrs. Harold Lassus, Mrs. Harold Hutchings, Mrs. James Malcuit, Miss Mary Koche, Mrs. Charles Cassasa Sr., Mrs. Warren Bridwell, Mrs. A. Taylor, Mrs. Richard Crawford, Mrs. Charles Armstrong, Miss Lou Ann Philips and Miss Carol Cassasa.

On Wednesday, Mrs. James Malcuit also gave a shower for Ruth. at her home on 731 Upton St. The table was decorated with white tapers and flowers and refreshments were served buffet style.

Those attending were Mesdames Robert Wunder, Bernarr Walberg, Harry Hutchings, C. Bodenhammer, Manfred Walzberg, James de Lisle, A. Allen, Alfred Enoch, Harold Philips, Charles Armstrong, and Misses Betty Walzberg, Lou Ann Philips, Carol Cassasa. Unable to attend but sending gifts were Mrs. P. Lisle and Mrs. V. McLoughlin.

Royalty Honors Barry

Hugh M. Barry, son of Mrs. R. N. Buben of 736 Arlington Rd., has just received word from the British government that His Majesty the King is "graciously pleased to approve the Honorary Award of the British Empire" to be awarded Barry. The theater commander has concurred this award, according to a letter received by the former army man recently.

Barry, a Sequoia High School graduate, was loaned to the British government for 20 months during the war, when he served in the educational branch of specialized service touring the country making addresses. He received his discharge last November.

In a letter from the United States Army, Barry was informed that the citation would be presented at a future date in an official and ceremonial manner. He will be informed later as to the date and place.

He has two brothers, Richard Barry of San Francisco and Jack Buben of Redwood City.

More Pay for Teachers

Instructors in the San Mateo Junior College Adult Center will receive an increase ranging from 14 cents to $1.16 an hour as a result of action taken Thursday night at the college board of trustees.

At the same time the board hired seven new instructors for the regular day time classes and passed a resolution prohibiting any sponsorship of broadcasts of junior college athletic events.

The new pay scale, which follows the proposal made by the teachers group last June, will go into effect as of the first of October.

New instructors hired were Donald K. Akey, mathematics and science, and a former member of the University of California's science laboratory at San Diego; Ainsley H. Smith, speech, who comes from the University of Wisconsin and Fresno State College; Dr. Margaret Howell, Spanish and French, formerly of the University of California at Los Angeles faculty; James Ice, chemistry and mathematics, and former dean of boys at the Richmond High School.

Raymond King, chemistry, who has been with a navy research unit for the past four years; Marvin Kolber, zoology, former Los Angeles City College instructor, and Jeannette Weber, English, who has been teaching in Ohio schools.

A Strange Demise

A Coroner's investigation of the death of Mrs. Elizabeth B. Brown, 37, of 255 Donohoe St., East Palo Alto, has been requested by her physician, who said Saturday that she was well last night.

Mrs. Brown was found dead in her home shortly after 9 o'clock Saturday, according to the San Mateo County sheriff's office. A sheriff's office spokesman said her death had been discovered and reported by a roomer at the residence.

The body was taken to Layng & Tinney Funeral Home in Redwood City. Funeral arrangements have not been announced.

MR. AND MRS. RAYMOND L. SPANGLER, the former Nita Reifschneider, who were married three weeks ago in Reno, Nev., at the home of the bride's parents, Mr. and Mrs. John Reifschneider, have returned from a honeymoon at Carmel and are now making their home in an apartment at 147 Birch St.

Charges of Profiteering

Charges that several of the country's leading colleges and universities are profiteering on dormitory rentals were made today in Washington by an indignant group of World War II veterans who demanded that OPA and the Veterans Administration do something about it. Stanford was one of the schools noted in the complaint.

Price Administrator Paul Porter was asked by the American Veterans Committee to place dormitories under rent control at prewar levels. Unless this is done, the AVC said it would ask Gen. Omar N. Bradley, head of the Veterans Administration, to withdraw accreditation from "guilty schools" and refuse to pay tuition for GI students.

Louis Harris, AVC program and research director, said that dormitory rents in many Eastern colleges have risen more than 20 per cent, "and in some cases colleges are profiteering in an outrageous manner at the expense of the GI student."

"There should be a crackdown," he declared. "The GI student cannot afford to pay too much out of his present subsistence allowances."

Columbia University was named as the "worst and most flagrant example of dormitory profiteering," but Harris also criticized Harvard, Yale, Princeton and Dartmouth.

Harris also pointed to increases in dormitory rents at Stanford. Under present OPA regulations, university dormitories built before the war are not subject to rent control on the theory the schools are public service, non-profit institutions. Emergency housing projects built with government aid are under rent control.

Harris' comment on Stanford rentals brought a reply from Alf M. Brandin, university business manager.

"In order to meet the increased cost of labor, material and maintenance in residential halls on the campus, it has been necessary to increase room rates about 20 per cent over 1940-41," Brandin said. He pointed out that rates at Stanford Village are less than those on the campus.

Whereas campus dormitory rooms for men ranged from $25.50 to $45 a quarter in 1940-41, they now range from $32.50 to $62.50, it was pointed out. This is an average increase of 26 per cent, a university spokesman said.

Rates for women living in dormitories on the campus now are $75 a quarter as compared with the $62.50 charged in 1940-41.

Stanford Village rooms are rented to single men for $30 to $60, according to the type of accommodation, while couples living in dormitory rooms pay $100.

Hannah Estate Sold

The old Hannah estate at 910 W. Santa Inez Ave., Hillsborough, has been sold to the Roman Catholic Archbishopric of San Francisco, and will be used as a faculty residence for the Serra High School of San Mateo, the office of Most Rev. John J. Mitty announced Saturday.

The property consists of three parcels of land and a large house, the estate of Charles C. Hannah.

Deeds recorded at the county courthouse here today show the sale of the Hannah estate by its executors, Richard C. Hannah and the Anglo-California Bank of San Francisco, to Michael A. Carella, San Francisco druggist, for $50,000.

A second deed shows the sale of the estate by Carella to the Archbishop of San Francisco for $43,000. The broker for the first transaction was Jerome Draper Burlingame.

Two other transactions recorded today show real estate sales totaling $110,000.

R. C. Hoyt has sold his property consisting of house and grounds at 76 Catalpa Dr., Atherton, to Robert Marble, Menlo Park, for $45,000. Fox & Carskadon were the brokers in the sale.

The horse ranch of James N. Gilman on Canada Rd., was sold to Kesterson Properties Inc., an Oregon corporation, for $65,000. The property consists of land and ranch buildings. E. C. Pringle of San Francisco handled the sale.

A Conclave of Lawyers

Meeting for the first time since February, the San Mateo County Bar Assn. Thursday night convention at Villa Chartier in San Mateo for a special meeting. Speaker was Justice Raymond E. Peters of the District Court of Appeals, who condemned Proposition No. 5 on the November ballot and urged its defeat.

The proposition would set up a special tax court of appeals to hear appeals on all taxation matters. Such appeals are at present heard by one of the three district courts of appeals in the state.

Following the address by Justice Peters, the association adopted a resolution opposing the tax court proposition.

Other action taken by the group included the unanimous approval of the candidacy of William H. Finger as justice of peace of the Fifth Township. Finger is a Burlingame attorney.

A special meeting of the bar association will be held Monday at 5 p.m. in the District 1 courtroom in Redwood City to complete the business agenda of last night's meeting, it was announced today.

Youths in Crime

Two Sequoia High School boys were arrested Thursday afternoon by juvenile authorities for investigation in the theft of an automobile here on Sept. 24.

The car, owned by Albert del Bono, 112 Dumbarton Ave., was recovered Sept. 24. The boys, 15 and 16 years old, are in custody of juvenile authorities.

Peninsula: World Capitol

Following disclosure that a delegation of San Francisco civic leaders had made an inspection tour of the acreage of the San Francisco Water Dept. west of San Mateo last Wednesday, it was indicated the Peninsula has the inside track should the United Nations select the West Coast as locale of its permanent headquarters.

A delegation of Bay Area leaders, including Mayor Roger Lapham of San Francisco, is scheduled to leave soon for New York where the UN Assembly convenes Oct. 23 to receive data on a headquarters site.

The committee, on its visit Wednesday, studied the area surrounding Lower Crystal Springs Lake in the hills west of San Mateo. It previously had been pointed out by the committee that this lake, with its surrounding tree-covered rolling hills, would provide an artistic hub for the headquarters.

However, George Davis, manager of the San Francisco Water Dept's. San Mateo County holdings, said Saturday the municipal property around the lake woud total only 200 acres against an announced need for 6000 acres.

Previously it had been suggested that privately owned estates touching on the water company property would have to be secured to provide a site for the new city which the UN headquarters would create.

It was the suggested condemnation of private estates which caused a furore among property owners in New York State when a site was tentatively selected there. This protest resulted in the United Nations Committee turning its eyes elsewhere and reopening the possibilities of its locating the headquarters on this coast.

The water company property and adjacent acreage, along with two other sites, will be proposed by the Lapham group.

One other undisclosed Peninsula site, belived however to be adjacent to Stanford University, and acreage in the Moraga Valley, some 10 miles from Oakland, also will be mentioned.

T. J. Hallinan, Redwood City civic leader, who is on the Bay Area site committee, was in Lodi Saturday and could not be contacted to learn if he plans going to New York with the delegation.

He Upset the Applecart

The songsmiths who wrote "Blossoms on Broadway" have a chance to write a new hit tune, "Apples on El Camino." At 5:10 p. m. Thursday the King's Highway on San Carlos was turned into a giant apple pan dowdy when eleven tons of the fruit that tempted Eve were strewn hither and yon in the type of accident kids dream about.

The event that upset the apple cart (in this case a truck and trailer driven by James F. Wight, 45, of Watsonville) occurred when Mrs. Ruth Helmer of Belmont made a left hand turn from the highway to Brittan Ave. in San Carlos. Wight, who was driving south swerved to avoid hitting Mrs. Helmer's car, crashed into a sales office of the Sholl Realty Co. on the northwest corner of Brittan Ave. and El Camino Real, and lost his $500 load of apples in the bang up.

Only casualties were the apples, the truck, which was totally wrecked, and the real estate office, which was shoved four feet off its foundation, carrying with it a startled saleslady, Mrs. Sally Green, 1195 Elm St., San Carlos, who was in a back office of the temporary structure.

A few minutes after the accident took place a swarming crowd materialized at the scene and 10½ tons of the fruit were whisked away in bags, baskets and boxes. Perhaps a ton of the stuff was consumed on the spot by the crowd, estimated at 2000 persons by San Carlos police.

Two officers of the San Carlos Police Dept., assisted by two police reserve volunteers and two members of the fire department, who arrived to fix a gas main in the real estate office which was snapped off in the crack up, worked for two hours untangling snarled commuter traffic. Traffic was rerouted through San Carlos, and two lanes of the highway were blocked off, and order wasn't restored until nearly 7 p.m., San Carlos police reported today.

Wight said he was bringing his load of apples from Sebastopol to Watsonville for Ed Dunlap of Watsonville. He did not explain the "coals to Newcastle" paradox of why he was bringing apples to the city that calls itself the apple capital of California.

Friday morning San Carlos police reported that there are still a few boxes of apples in the vicinity and that aroma you smell from the kitchens of San Carlos homes is the odor of baked apples, apple pies, apple strudel, apple sauce, apple dumplings, shoo fly pie and apple pan dowdies.

Their Chest Expansion

Nearly half the Menlo Park and Atherton quotas of $4000 in the 1946 Community Chest drive has been raised, the two chairmen announced Saturday.

Menlo Park has contributed $1500, according to Mrs. Malcolm G. Paterson, and Atherton, nearly $2000, said R. W. Weber.

Mrs. Paterson commended Menlo Park residents on their co-operation and response to the drive. She said Robert Cain will begin covering the business section of Menlo Park next week.

Weber said he didn't know whether Atherton will make its quota, but it would exceed last year's contributions.

1930 Hupmobile, motor and tires in good shape, priced to sell. 440 Birch St., Redwood City.

BY OWNER—1936 De Soto Sedan. Call after 5:30 p.m. at 125 Edgewood Ave., Atherton.

PUBLIC NOTICE

Harold Huovinen, Atty.

NOTICE OF SALE OF REAL PROPERTY—No. 9467, Dept. 4.

IN THE SUPERIOR COURT OF the State of California, in and for the County of Alameda.

In the Matter of the Estate of MARGARET J. HENNINGS, also known as Margaret Joan Hennings, and as Margaret Hennings, Deceased.

Notice Is Hereby Given that the undersigned, Administrator with the Will Annexed of the estate of the above named deceased, will sell at private sale to the highest bidder, subject to confirmation by said Superior Court on Monday the 28th day of October, 1946, at the hour of ten o'clock A.M., or after said day, upon the terms and conditions hereinafter stated, all the right, title, interest and estate of said MARGARET J. HENNINGS, also known as Margaret Joan Hennings, and as Margaret Hennings, deceased, at the time of her death, and all the right, title and interest that the said Estate has, by operation of law or otherwise, acquired other than or in addition to that of the said Margaret J. Hennings, alias, deceased, at the time of her death in and to that certain real property situate, lying and being in the Town of Redwood City, County of San Mateo, State of California, particularly described as follows:

The Southerly ½ of Lots 1 and 2 in Block 11 of Range "B" as designated on the map entitled "Town of Mezesville," which map was filed in the office of the Recorder of the County of San Mateo, State of California, on August 1, 1856, in Volume 1 of Maps, at page 79, more particularly described as being:

All that portion of said Lots 1 and 2 in said Block 11, lying southeasterly of a line drawn at right angles to the easterly line of Arguello Street, at a point which divides the southwesterly line of said lot into two equal parts.

Bids and offers are invited for said property and must be in writing, and will be received at the law offices of Harold Huovinen, 1105 Easton Building, Oakland 12, California, attorney for the Administrator with the Will Annexed of said estate, or may be filed with the Clerk of the said Superior Court of the State of California, in and for the County of Alameda, or delivered to the said Administrator with the Will Annexed personally at any time after the first publication of this notice and before the making of said sale.

Terms and conditions of sale: Cash, lawful money of the United States; ten per cent (10%) of the purchase price to accompany the bid in cash, and the balance paid upon confirmation of sale by said court.

DATED: October 3, 1946.

Harold John Hennings, Administrator with the Will Annexed of the Estate of Margaret J. Hennings, alias, deceased.

Oct. 11, 18, 25, 1946.

News of Commuters

BY JOE CABOOSE

W. J. McKeegan, alias Locomotive Bill, columnist-president of the Redwood City Commuters Club, asked us to take over today on account of Bill had to go to Los Angeles on a business trip. Any resemblance between the timing of his trip and the playing of the UCLA-Stanford game was purely premeditated.

★ ★ ★

We haven't been to a Commuter whing-ding in four months, due to illness, so we don't know too much about what's going on. Bill left a few notes, however, so we'll start from there. Seems the dinner meeting at Aviation Cafe last Tuesday attracted 50 members who heard three speeches, all timely and interesting.

★ ★ ★

Perry Bygdnes and his son, Dickie, the soap-box derby winner told of their trip back East to the national sweepstakes in which Dickie, though not a finalist, brought nationwide publicity to Redwood City. Councilman Chester Armstrong made a plea for support of the new district hospital in the November election, and Roger Deas of the San Francisco Planning Commission told humorously of the trials and tribulations of city planners.

★ ★ ★

Stanley Perkins, colonel for the Commuters' Community Chest team, reported collections in the district assigned Commuters of approximately $200, which exceeds the amount collected last year in the same district . . . which, incidentally, is not "silk stocking." While on this subject, have all you good Commuters done your duty as you've seen it? Remember, it is your community, hence your community chest! Let's fill 'er up, but full!

★ ★ ★

If our friend, Ed Mitchell of San Carlos, and candidate for membership in the Commuters' Club, reads this column, let him not feel that we forgot our promise to take him to the next dinner meeting. Caboose was not among those present at Tuesday's clambake. Such goings-on are not recommended in the treatment for ulcers. Sometimes we wonder if we haven't already attended too many Commuter Club dinners. Maybe next time, Ed!

★ ★ ★

The almost defunct program chairman (that's us, folks) wishes to thank Wayne Burke for producing the excellent young humorist, Roger Deas; Roy Fredlund for arranging the popular Bygdnes (father-and-son) act, and last but not least, that public-spirited citizen, Chester Armstrong, for introducing Councilman Chester Armstrong, who is never too busy or too tired to work in the community interest.

★ ★ ★

Prexy Bill left some other notes (wonder how he enjoyed that football game! Sure tough on Stanford, "wasn't it?) to wit: "Mack" McGaffigan and "Dick" Armstrong, both members of Commuters Scout Troop 160, passed their final examinations for Eagle scouts. Congratulations, Mack and Dick! . . . A postcard from Lloyd Liebman in New York, gone two months, home for Christmas . . . Bill Mallon, club treasurer, has opened his own real estate office in Belmont.

★ ★ ★

Direct from the seventh grade, Mt. Carmel: Sister was explaining the number of nouns, singular and plural, adding that some nouns are both, such as sheep, scissors, fish, etc. Then she asked one Raymond what number was trousers, and he replied, "singular at the top and plural at the bottom." To the question: what is wind? came the answer: "air in a hurry."

★ ★ ★

Another little boy we know was writing to his sister who had gone away. It was late and he was sleepy and he asked how he should close his letter. We sugegsted he close it with "Goodnight." He said, "Oh, no, daddy, that won't do. She might get it in the daytime." . . . During our convalescence, we received a "cheer-up" letter from a friend, who told of the trial in Mobile, Ala., of a very beautiful young lady charged with shooting her husband. An all-male jury knew she was guilty, but agreed she was too pretty to convict. Yet, fearing the wrath of their wives, they hit on this compromise: They learned her husband had been an Elk. So they fined her $20 for shooting an Elk out of season.

★ ★ ★

Cheer up, folks. Next week you'll have Locomotive Bill back . . . under a full head of steam . . . With all the news of his "business" trip to Southern California . . . and what happened to Stanford!

Leaves $72,667 Estate

Fredericka Cecilia Hilliard of Hillsborough, who died July 4, left an estate of $72,667, according to an inventory and appraisal filed Tuesday in superior court.

The estate consists of the Hilliard home at 431 Hillsborough Blvd. and of personal property.

Bradford M. Melvin was the appraiser and Richard Hilliard the executor of the estate.

Barbara McGovern

Barbara McGovern was the honored guest at a party on her eighth birthday Thursday, when her mother, Mrs. A. H. McGovern, entertained a group of her young friends at their home at 16 Nevada St.

Guests were Joan and Tormey Ward, Shiela O'Brien, Deane Mervy, Patsy Adams, Theresa Jackson, Warren and Jimmy Eardley, Glen Kirkpatrick, Suzanne and Stevie Tussier and Barbara's sister, Joan McGovern.

The Prowler

ASSORTED THOUGHTS of a vagrant mind: An American citizen is a person who will risk life itself to preserve his right to vote, and then may forget to register or, being registered, may forget to vote on election day; who believes firmly in the trial jury system, but will go to almost any length to escape jury duty; who declares "there ought to be a law" to remedy whatever matter he thinks needs remedying, but has light regard for whatever existing laws cramp his own style. . . . Was there ever a time when the country was not pictured as being in midst of a "crime wave" of some sort? . . . Winston Churchill coined the expression, "behind the iron curtain," referring to the concealed doings of the Russian people. . . . What is more irritating than being advised to do something you already have decided to do? . . . A special delivery stamp always makes a letter look exciting, no matter how dull the contents may prove to be. I wonder if the nation's daily aggregation of thrown-away-without-being-opened mail includes and special delivery letters. Candidates for public office (or, rather, their campaign managers), knowing the potency of special delivery stamps for saving a letter from the fate of immediate consignment to the waste basket, send some of their daily dribbles of publicity stuff under such postage. . . . Worry was described by George Washington Lyon as "the interest paid by those who borrow trouble."

★ ★ ★

THE FICKLENESS OF SOME people is astounding. I call to mind a youth who, having become engaged to a girl two days after he had met her for the first time, seemed madly in love, and couldn't get to the altar fast enough. But a counseling friend who was trying to discourage the impetuous affair said, "He always has a girl on the string. If I could get him away from his present fiancee for two days, he never would think of her again." . . . "Ten years in the future" sounds a long way off. But if you want to get an idea of how close that date is upon us, just recall how recent certain events of 10 years ago seem today. . . . Cities looking for more revenue and thinking of various forms of taxation to provide it might give some attention to the possibility of slapping a high tax onto popcorn sold in theater lobbies. This would have one of two possible results: either producing much revenue or ending a growing nuisance. . . . How many volumes on your bookshelves belong to the lenders to whom you simply neglected to return them? There probably are but few literate homes in which some such books could not be found. In many instances the permanent absence of the books is the owners' own fault for having thrust them upon involuntary borrowers with the remark, "You ought to read this." That urge is strong in the human being. And it is one that we need to curb. . . . "There is no cure for birth and death save to enjoy the interval," said George Santayana.

★ ★ ★

PHYSICIANS ARE UNWILLING to take a patient's word for it when the ailing person says, "I have a pain in my heart," or stomach, or lungs, or other specific spot. The doctor says, "Show me where the pain is." The medical men have learned that some people have very unconventional ideas about the location of their inner organs. . . . Deliver me from business dealings with the person who prides himself on "driving close bargains." Such a person is quite likely to think that getting the better of the other party is "smart business." . . . I also loathe the haggling process by which the buyer endeavors to induce the seller to lower the price. I either pay the price asked or reject the offer. . . . "The classics," wrote Thorstein Veblen, "have scarcely lost in absolute value as a voucher of scholastic respectability, since for this purpose it is only necessary that the scholar should be able to put in evidence some learning which is conventionally recognized as evidence of wasted time."

★ ★ ★

THERE ARE VARIOUS techniques for calling attention to oneself, and all of them are employed by some people. A monacle, a lorgnette, an unneeded walking stick or freakish clothes will do the trick. But what is the advantage of being the cynosure of attention anyhow? . . . Whatever the actual cause of failure, the unsuccessful usually are loath to admit it. They prefer to blame the selfishness, arrogance or dishonesty of others, or attribute all to bad luck. . . . Thirty thousand new automobiles were delivered in California in August. That was good news to more than the 30,000 people who got the cars. It was cheering also to all other applicants whose names on the waiting list were moved up a line. . . . It isn't only bad news that spreads fast, as many people aver. What, for example, gets around faster or farther, than the news that a shipment of some scarce commodity has just arrived at one of the stores? . . . Charles Townsend Copeland said: "Where novelists are concerned, because with lyric poets novelists are the most personal of writers, the question of the best book is likely to be as alluring as it is ultimately futile."

★ ★ ★

FAMOUS LAST WORDS: "I wish now you hadn't told me."

Our County Sets Record

Residential construction in San Mateo County is setting a record, and ranks second in the state only to Los Angeles County, State Reconstruction and Reemployment Commission statistics reveal.

A total of $32,164,000 in contracts for construction of private homes has been awarded during the first eight months of the year in the county. According to the commission's figures, this would mean that about 4500 homes were put under construction up to Aug. 31.

Los Angeles County leads the state with more than $143,000,000 in contracts let for private homes, but the San Mateo County figures are nearly triple the San Francisco County total of $12,510,000.

The total construction awards in San Mateo County add up to $41,931,000. Of this total, $4,776,000 is for public works contracts and $4,991,000 for non-residential construction.

The commission reported that construction during the eight-months period is at a record high in the state. The total of contracts let nearly doubles the 1939 total for contract construction in California.

More than 34,000 homes are under construction in the state, the commission reports. This does not include a large number of private homes for which contract amounts were not stated.

The Los Angeles area, and the Bay area account for 95 per cent of the total private residential award.

Along with the boom in building, a steady increase in construction trades employment has been marked, with a peacetime peak of 185,000 now employed in California. However, longer time is required to complete work on construction. Delays caused by shortages and interruptions in delivery of construction materials have stretched out the construction period for most jobs.

Edwin Walsh

Edwin Martin Walsh, 52, lifetime resident of Menlo Park, died Sunday at the family residence, 1166 El Camino Real. He had been in poor health for several months.

Mr. Walsh was manager of the stock room at Stanford University. He was a member of the Palo Alto Lodge 1471, Benevolent and Protective Order of Elks, and of Allen H. Nichols Post 69, Veterans of Foreign Wars.

Surviving him are his wife, Mrs. Josephine L. Walsh; two stepchildren, Robert Quilfelt and Mrs. Helen Musso, both of Menlo Park; and 10 brothers and sisters, including Mrs. Ruth Banks, and Milton, Harry, George, Andrew, Joseph, Leo, Paul and Peter Walsh, all of Menlo Park, and Mrs. Margaret Kelly of Antioch.

Want A Gas Mask

Civilian Defense equipment was made available to Redwood City householders today as part of a disaster preparedness program.

City Mgr. E. W. Blom said that some 800 pumper cans used in fire fighting as well as air raid warden helmets and gas masks would be distributed to all parts of the city.

Former civilian defense workers, he said, would be the only ones at present to whom the equipment will be checked out.

The equipment was recently purchased by the city from the War Assets Administration.

Blom urged that those who check out the fire fighting cans keep them filled with water and ready for action at all times.

He pointed out that Redwood City sits squarely on an earthquake fault. Should a quake come, the city water mains would probably be ruined at a time when numerous small fires could be starting. The 800 cans properly used could prevent a quake-following fire such as the one that ruined San Francisco in 1906.

The city manager promised that as soon as the press of work unpiles in the city hall a disaster council will be formed. Such a council would perform some of the duties handled during the war by the Civilian Defense.

A South Sea Bride

Announcements of the marriage of Jean Menzies to Robert Stevenson Wilson of Honolulu, T. H., have just been issued by Jean's parents, Mr. and Mrs. Robert A. Holetz of 424 Elm St., San Carlos.

The news comes as a surprise to many friends of Jean, who bid her farewell last February when she left for Hawaii. Jean was graduated from San Mateo High School and later from Stephens College, Columbia, Mo. Before leaving for the islands she was employed by the OWI in San Francisco and at Weltner Motor Co. in Redwood City.

A roommate from Stephens College, Dorothy Mackenzie of San Francisco, flew over to spend her vacation with Jean and remained for the wedding.

Mr. Wilson is connected with Lewers and Cooke in Honolulu and the bride has been employed by Castle and Cooke, Ltd. Following an extended trip via plane and auto of nearby islands, they will be at home at 3044 Monoa Rd., Honolulu.

Our Chest Expansion

Redwood City's chest expansion is growing. At last week's end the measurement totaled $18,573.59, Community Chest Executive Secty. Evelyn Carlson announced Monday.

Residential districts canvassed by the Commuters Club and the 20-30 Club contributed $179 and $303 respectively, to puff the chest, and first returns from the Methodist Church Women's Society of Christian Service added $101 with two workers still to report, Mrs. Carlson announced.

A. H. McGovern, chairman of the employe division, reports $829.70, with recent contributions of $129 from the employes of the First National Bank, $26 from the Post Office and $37 from the Bank of America.

"Redwood City can be proud that over 61 per cent of the local quota of $30,000 has been subscribed, but it is necessary to work a little harder to complete the remainder before the end of October," Mrs. Carlson said.

Participating agencies in the campaign this year include the Salvation Army, Sequoia Dist. Girl Scouts, Boy Scouts, Y. M. C. A., McKinley P.T.A., Pre-School Clinic, San Mateo Preventorium, Woodside Youth Activities, San Mateo County Catholic Service, and the U.S.O.

Additional workers for the residential canvassing are Mmes. Vern Flora, Pearl Seymour and Cleo Manning for the McKinley P.T.A., Al Warren of the Eagles, C. B. Currie and James Thomas on the Y.M.C.A. team.

Commuters' team: Stanley Perkins, colonel; Joe Harper, Bill McKeegan, Hugh McKenna, Ed Horgan, Mel Potter and Clarence Brizee.

20-30 Club: Tom Settle, colonel; Jack Baxter, Tom Coates, Haskel Nash, Fritz Kuffer, Bill Russ, George Kirchner, Roy Baxter, Don Loveland, Felix Manley and Dale Wood.

Boy Scouts: C. C. Armstrong, colonel; T. J. Seitz, Chet Wilson, J. Powers, N. Naughton, Arthur England, Walter Shugert, L. A. Wright, S. E. Marcus, W. P. Stevens, S. E. Marcus and Will Rogers.

Canadian Legion: Arthur Taylor, colonel; C. A. Laird, R. C. O'Brien and Victor Dunlop.

B'nai B'rith Notes

An intensive fall membership campaign for 100 new members is the goal of the Peninsula Order of the B'nai B'rith. The drive conforms with plans evolved by the Supreme Lodge which calls for 70,000 new members, thus increasing the national membership to 250,000 which then would represent 1,000,000 Jewish people in the nation.

Phases of the drive were recently discussed during a breakfast at the Benjamin Franklin Hotel by 15 local B'nai B'rith leaders and workers.

Those interested in joining may contact Manuel Schwartz, chairman of membership, at San Mateo 5-1712, or visit the lodge which meets at 8:30 p.m. on the first and third Wednesday of each month at the Masonic Hall, corner Tilton and Ellsworth St., San Mateo.

Ferris Miles Honored

Ferris W. Miles, owner of West Bay Motors, Inc., agency, was elected lieutenant-governor for Division 2, comprising 17 Kiwanis Clubs in the San Francisco Bay Area, for 1947 at the annual California- Nevada District Convention held in Oakland last week.

He will also be a member of the board of trustees of the California-Nevada Dist. of Kiwanis.

Miles was president of the Redwood City Kiwanis Club in 1945, and also president of the chamber of commerce in 1943 and 1944. He is currently president of the Stanford Business School Alumni Assn., a national organization.

The Redwood City Kiwanis Club won the California-Nevada Achievement Award for clubs having a membership of 50 to 100 for 1945 at the convention last week.

The basis of the award is service to boys and girls groups, vocational guidance, public events, church aims, helping underprivileged children and wartime service to convalescents and other service men.

Speakers at last week's convention included Will Rogers Jr., Sen. William F. Knowland, William M. Jeffers, chairman of the board of directors of Union Pacific Railroad, and Major Gen. George P. Hays, deputy commander of the Sixth Army.

A Criminal Fire

Thieves who set fire to a stolen car in a quarry near Bear Gulch Monday morning ignited a brush fire which blazed for five hours before it was brought under control.

Firemen who rushed to the scene of the fire, between Kings Mountain and La Honda Rd., east of Skyline Blvd., sent out a call for additional help when a strong wind sent the flames crackling among brush and dead timber toward Woodside, about two miles away.

Sheriff's officers investigating the cause of the fire reported that the car had been stolen in San Francisco in January. It still carried the original owner's license plate. A front tire and the spare tire were missing. The fire had completely destroyed the vehicle.

The brush fire was brought under control shortly before noon, after three trucks from the Woodside Fire Dept., one from the county fire department here and two from the La Honda Summit station had been sent to the scene.

No estimate of the acreage razed by the fire was available Monday. The fire was on the California Water Co. land, and no buildings were menaced.

A New Service

A Veterans' Administration contact office will be established in the United States Employment Service offices at 2000 Broadway, Clifford P. Feathers, contact representative announced Monday.

"Advising, guiding, counseling and furnishing full information to veterans, their beneficiaries and representatives regarding all phases of the benefits and rights of former members of the armed forces of the United States as provided by public laws, regulations and other legislation," will be the main function of the office, according to Feathers.

He emphasized that the work of his office will supplement the existing facilities offered by county veterans' adviser, Floyd Granger, and veterans' specialist, Edward Brown of the U.S.E.S. Feathers said that he will specialize in counseling veterans on federal benefits and legislation. He added that an on-the-job training specialist will be added to his staff soon.

The office will also assist veterans in initiating claims for pensions, insurance, compensation, educational or vocational training or any other authorized benefit, Feathers said.

TO ELECT OFFICERS

The annual election of officers will be held at a meeting of the East Palo Alto Citizen's League Thursday at 8 p.m. at the Ravenswood School Auditorium, Major Henry F. McFeely, acting president, announced Monday.

Aviation News

BY DONALD ALLAN

How to write an airport column this week without taking into account the string of accidents which have occurred every few days over the past two weeks?

Three major crashes took place this week alone, and in the case of one, the pilot was a local man, Capt. Leonard Smith of Atherton, a United Airlines first pilot.

We wonder what is the reason for these accidents. We wonder if there is a basic factor involved in all the crashes that is the source of the decline in flying safety. Doubless the CAA and the army and the various airlines are wondering the same thing, but if they have made any conclusions they have kept them to themselves.

★ ★ ★

The main causes of crashes are mechanical failure or human failure. If all parts of an airplane are working correctly, and if the pilot or navigator follows his training correctly, an accident seldom can occur. But there are other factors—maintenance for example.

Much of the efficiency of an aircraft depands on the ground crews. Perhaps trained aircraft mechanics aren't working at their trade these days. Perhaps the ships themselves aren't constructed as well. When the army paid the bills nothing was too good or expensive, and no priority stood in the way. It may be now that airline operators in their race to lower rates and expand service are taking short cuts in costs and standards.

★ ★ ★

In the opinion of Ray Truscott, ex-fighter pilot now on the circulation staff of the Tribune, one of the big dangers in flying today is lack of an adequate CAA. Before the war, he points out, the CAA had a big enough staff to make careful checks of all aircraft before they were allowed to fly. Today, he charges, the CAA has not expanded enough to keep up with expanded flying operations.

More nspection, more CAA control, better maintenance and better work on the part of aircraft factory assembly would put a stop to the present crash rash, he says.

★ ★ ★

Well, they flew the Pacusan Dream Boat after all, even though I politely asked them via this column to avoid making any fights of military aircraft that might be interpreted by other countries as "muscle-flexing." Now what do they (the army) want to do?

Why, fly a mess of B-29s around the world, of course. And naturally it's all in the interests of science. Natch. The next step in this aerial scientific investigation will probably be a flight over Russia with a full bomb load. Of course, the purpose of the trip would be the collection of weather data. Mark my words, citizens, this kind of science leads to only one thing, suspicion. And suspicion leads to fear and war.

★ ★ ★

The new North American Navion has arrived at Palo Alto Airport. Harry White flew it up from the factory last week. It will be well worth the while of light plane enthusiasts to make a trip to Paly and view the ship. It's really a honey, though a little out of the price line for you and me.

★ ★ ★

Ronald N. Hipp of Menlo Park got his private pilot's license at Palo Alto last week, and Bob Gilberry of Menlo Park made an overnight cross-country to Columbia. Columbia, by the way, is a must see for Peninsula aviators.

Situated in the heart of the Mother Lode country this little town is like a Hollywood set for a gold rush movie, only it's all authentic. At one time Columbia was a booming city of nearly 20,000. Today only a few persons reside there all year 'round.

The old buildings, the Wells Fargo Bank, the old saloons, the first fire engine house in California, and other relics of California's past are still there, unspoiled by the inroads to tourists. The airport is only a mile from town. Buzz up there sometime and bring me a bag of gold dust for telling you about the place.

A Gay Festival

Almost five thousand persons attended the California Federation of Folk Dancers festival held at the Sequoia High School on Sunday when the Redwood City Docey Doe Club, directed by Mrs. Mildred Buhler, was host club.

Fred Eilerman and his Western orchestra from Woodside furnished music for dancing during the afternoon, when many colorful exhibitions were presented by the Bay Area clubs.

Later in the afternoon 150 guests attended a dinner served in the school cafeteria, when Dr. E. D. Mervy, master of ceremonies, presented the following program. Dan McDonald and Bob Smith of San Francisco in a humorous pantomime; Marguerite LaMont and Marjorie Lurvick, Scotch dance; Tex Taylor and his banjo; Dan McDonald and Bob Smith in a Russian pantomime, Tecla Berry and Vernon VonKonsky, comic dance; and an "Oriental Cheapskate" number by George Taylor, Roy Cloud, Harold Keikle, George Ritchie, M. L. Brockway and George Walsh. Mrs. Roy Cloud led community singing and Walther Grother, president of the federation, gave a brief talk.

Begonias centering the tables were donated by the Victor Schaths and Mrs. A. C. Argo, Mr. and Mrs. Albert DePalma and Mr. and Mrs. Albert Bayer were dinner chairmen.

Menlo Firemen

Menlo Park firemen spent a busy Saturday afternoon, with four alarms within six and a half hours, one of them false.

They were called to Sevier Ave. and Bay Rd. in North Palo Alto at 11:25 a.m., to extinguish a fire in a tree stump. At 3:06 p.m., grass and rubbish caught on fire in the backyard of a nw house under construction on Haight St. near Willow Rd.

A fire on O'Connor St. between Clarke and Cooley Aves. in East Palo Alto burned an acre of grass at 4:30 p.m. The false alarm came in at 5:45 p.m.; smoke at Yale Rd. and College Ave. was issuing from an incinerator.

A Tragic Accident

William Gillis Jr., 20, 809 Canyon Rd., Redwood City, was shot and wounded fatally while hunting deer Sunday in King's River Canyon.

Dist. Atty. James Theusen of Fresno said the fatal shot was fired by Norman Eglund, 34, of San Juan Bautista, another hunter, who was not held. Deputies Joe Pieretti and Lewis Ronne said Eglund told them he jumped a buck and saw it through open spaces in the brush. He calculated its position and fired into the brush.

His shot was followed by a cry, the deputies said Eglund told them, and he found Gillis with a bullet wound in the right side of his chest. Gillis died two hours later in the Fresno County General Hospital.

"I have always said no deer hunter could shoot anyone by mistake," Theusen quoted Eglund as saying," and now it has happened to me."

Gillis, his wife and his brother-in-law, Wesley Hardy of Redwood City, were visiting his parents in Del Piedra, near Fresno, and were members of the fatal hunting party. Hardy was called to the spot where his brother-in-law lay dying by Eglund's calls for help.

Gillis is survived by his widow, his parents, and four sisters, Mrs. Betty Hardy and Mrs. Josephine Bayse of Redwood City, Mrs. Myrna Thomas of Richmond and Mrs. Ellen Jamieson of Fresno.

According to Dep. Coroner L. R. Webb of Fresno, a routine inquest was held on the accident Monday afternoon. Funeral arrangements, to be announced later, will be handled by the Yost & Webb Mortuary, Fresno.

Barbara Ann Beutler

Mr. and Mrs. Frank G. Beutler of Cabrillo Ave., Burlingame, are announcing the engagement of their only daughter, Barbara Ann, to Warren Schultheis, son of the Rev. and Mrs. H. B. Schultheis of Palo Alto.

The bride-elect is a graduate of Burlingame High School and is at present employed by Pan-American Airways. Her fiance was graduated from Stanford University this June in the School of Engineering there. He is a member of Phi Beta Kappa, national honor society.

Definite plans for the wedding have not yet been made.

Back From Wars

Eric A. Johnson, 19, seaman first class, is home on two-months leave after two and a half years in the submarine service as an electronic technician's mate.

His parents, Mr. and Mrs. Albert S. Johnson, live at 426 Palo Alto Ave.

His ship, the USS Florikan, is undergoing repairs at Mare Island Navy Yard before sailing for China and the Philippines. It is in research service in submarine warfare.

Eric, a graduate of Sequoia High School, has been in the navy for almost three years. After his boot training at San Diego and radar training at New London, Conn., and Aiea, Hawaii, he saw duty in the South Pacific. He plans to enter Stanford when he leaves the navy, probably in another year and a half.

Juveniles Apprehended

Six of a seven-member gang of 'teen-age boys who have admitted the thefts of 20 cars in San Mateo County during the past two months Monday afternoon appeared in the juvenile court of Judge Aylett R. Cotton on automobile theft charges.

The arrests clear up all but one car theft in the county during the two-month period, juvenile officers said Monday.

The seventh boy, who is now in Montana, will be arrested there by Federal Bureau of Investigation agents, and returned here.

With the arrests, juvenile officers released the story of the stripping and sale of "extras" from the stolen cars, and the methods by which the youthful gang operated.

Some of the youths would steal a car, and remove the radio and heater, juvenile authorities said. The boys then would drive the car across the San Mateo bridge and meet another boy at Mt. Eden. The radio and heater would be given to him, while the car would be taken and dumped in the fields near Alameda.

The arrests came after three of the boys took one of the cars and drove to Montana. Two of them decided to return here. They dumped the stolen car in Sacramento, juvenile officers said, and hitch-hiked back to Redwood City.

The two told their parents of the thefts, and the latter notified juvenile authorities. The boys confessed and implicated the others.

Four of the boys are 15 years old, 2 are 16 and 1 is 17.

Juvenile authorities also are holding five Daly City boys accused of wrecking the Woodrow Wilson elementary School in Daly City last Friday.

They were arrested after their fingerprints checked with those left by the ones who splattered ink over the classrooms, tore up school records and broke a phonograph. They are from 13 to 15 years old.

A Jail Sentence

Clarence N. Liles, 35, of Stockton, was sentenced to 30 days in the conty jail Monday by Judge Rupert Johnson of the San Carlos City Court, for tampering with the mechanism of an automobile owned by H. E. Brown, 1323 Old County Rd. Saturday night.

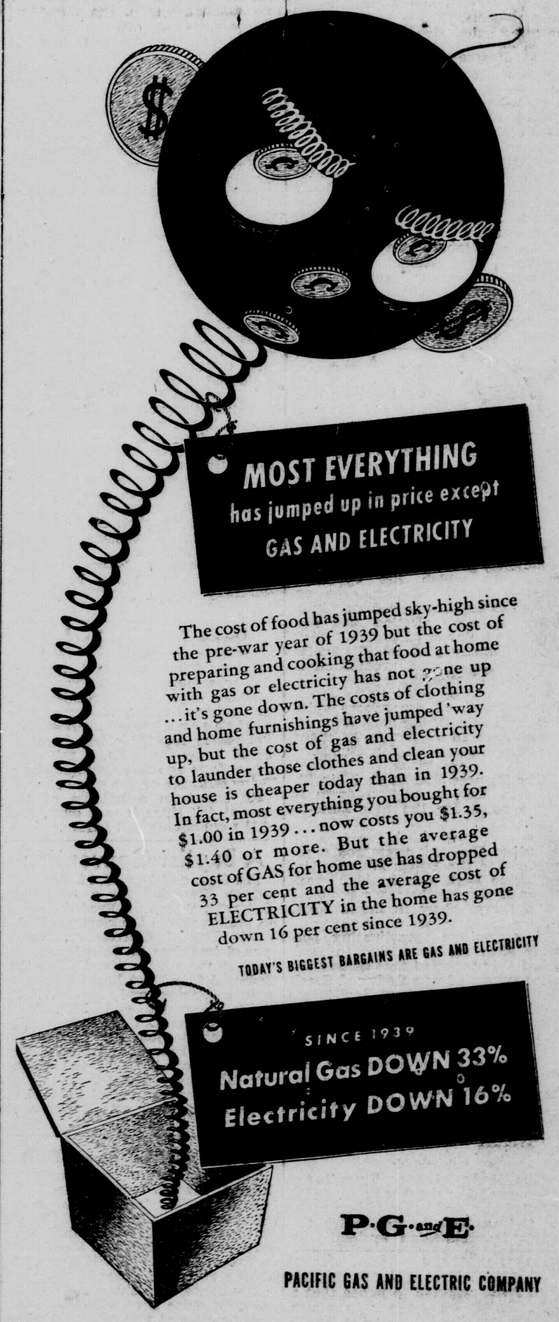

Shortly before midnight Saturday Brown heard the starter of his car being turned over and rushed out of his home to find Liles running away. Brown called San Carlos police who arrested Liles in the same neighborhood at 3 a. m. Sunday.

Children's Theater

Opening on Oct. 26 at the Marine Memorial Theater, Sutter and Mason Sts., San Francisco, the Children's Theater will present the first of a series of plays.

First on the program will be the Palo Alto Players, who will present the fairy tale "Rumpelstiltskin." On Nov. 16, Scott's Marionettes will present three plays and on Saturday, Dec. 14, the San Francisco Junior League will present a play.

Tickets may be obtained at the door, it was announced.

A Word to Wise

Chicken owners in the first residential district have until Saturday to apply for permits if they have not done so before, City Mgr. E. W. Blom warned Wednesday.

If they fail to have a permit in their possession Saturday, their rights to raise and maintain chickens will be forfeited for all time under terms of an ordinance which became effective Sept. 19.

The ordinance provides that all persons who maintained chickens prior to July 1 may continued to do so if they have a permit from the city health department or if they obtain one before Oct. 19.

The ordinance is intended to eventually stamp out chicken raising at the present time.

It rules that permits shall be effective for one year and may be renewed if applied for before they expire. They can not, however, be transferred from one person to another and the person holding them may not change his address without giving up his permit.

Application forms were printed today and will be taken to the San Mateo County Courthouse where the sanitation section of the county health department will handle inspections for the city. The county office serves as both a county and city health office.

Menlo-Atherton Area

The South San Mateo County Real Estate Board has acceded to the formation of a Menlo Park-Atherton Real Estate Board and has relinquished its claim to the area, E. J. Mellon, Menlo Park realtor, announced Wednesday.

The Redwood City-San Carlos real estate operators will change their name to the Central San Mateo County Real Estate Board, Mellon said.

The California Real Estate Assn. gave its approval to the new Menlo Park-Atherton board at its annual convention at Sacramento this week.

The Menlo Park-Atherton board now is ready to make application to the national association, Mellon said.

Floyd Lowe, Palo Alto realtor who is developing two subdivisions in the Menlo Park district, and E. C. LaMontagne, Atherton realtor, have joined the proposed board. Next meeting of the board has tentatively been set for Oct. 24.

Boundaries of the proposed board coincide with the boundaries of the Menlo Park Fire Dist.

Port Notes

Federal Public Housing Administration activities at the Port of Redwood City will be completed by January, port commissioners learned Tuesday night.

A. S. Osten, regional FPHA controller, told the commission that most of the materials at the administration's depot would be moved by December.

The controller asked that the administration's six-month lease be continued on a month-to-month basis when it expires until activities are closed out. His request was granted.

The depot was formed by the administration in order that building materials from government agencies could be gathered there for reshipment to government emergency housing projects.

The commission also:

Heard a report from Port Mgr. A. A. Moran that between 12,750 and 13,000 tons of canned goods are now stored in port warehouses bringing a revenue of $4750 monthly.

Continued negotiations with the Independent Iron Works to have the concern replace an unsatisfactory roof on a port structure.

Learned that the Richfield Oil Co. would start construction within 10 days on a five-tank facility with which it will serve all of its Peninsula outlets south of South San Francisco.

Learned that the port made a net profit of $4649 last month. Moran reported the port had a net operating revenue of $8820.98.

An Interesting Spoon

One of the world's most extensive spoon collections including the smallest spoon ever made will be on exhibition at the Redwood City Hobby Show on Saturday and Sunday, Oct. 19 and 20, when Miss Eva Candido, president of the Golden Gate Hobby Guild of San Francisco, will bring her collection of over 400 spoons to this city.

According to an old English custom children born on Christmas Day may be given a spoon and on every birthday until the age of 18, and this was the way that Miss Candido acquired her first spoon and her unique hobby.

Her collection includes a spoon for each of the 48 states and Alaska and spoons for 32 presidents. Her spoons also represent exhibitions, lodges and coronations.

The oldest spoon was fashioned in 1641 by Sir Kripps of England. Another is made from a Swiss coin dating back to 1786.

Her collection won the first award at San Francisco's Annual Hobby Show in 1943.

Entry blanks are still available for the show, it was announced today by the Recreation Department and the 20-30 Club, co-sponsors of the event. A musical program will also be presented during the showing.

A Timely Warning

Fire Chief Joseph Lodi warned Wednesday on the heels of Redwood City's second awning fire within a week, that flipping cigaret butts into awning folds is arson. He also warned that arson is one of the most serious offenses and that the department would prosecute any person found attempting to set a fire.

Last night's fire was at Kessinger's Jewelry Store, 2316 Broadway, at 9:06 p.m. The awning, apparently set by an expertly flipped cigaret but which lodged in awning folds, cracked a plate glass window and caused damage estimated at $100.

R.C. Man Jailed

Eugene E. Scott, 38, 1135 Chestnut St., Menlo Park, was arrested by Redwood City police Tuesday on a charge of receiving stolen property.

Police Lt. S. D. Wood said that on Nov. 27, 1944, a Coca Cola vending machine was stolen from a Union Oil Co. station at Broadway and El Camino Real.

It was later traced to a Menlo Park tavern. The tavern owner, the policeman said, was innocent of any "wrong doing" and had merely had the machine installed in his building by Scott.

Wood said police still did not know the history of the machine from 1944 until it was found in the Menlo Park tavern.

The V.F.W. Expands

Six members were initiated into Post 2310, Veterans of Foreign Wars, Tuesday at the meeting at Veterans Hall. They include Harry Adams, Howard Gawthrop, Walter West, Luther McClure, Herbert Bafscy and William Heany.

Edward J. Foley of the Social Security Board in San Mateo talked on new amendments to the social security act, which will concern all vetreans of World War II and their dependents.

A Civic Plea

A request by residents of Brisbane Acres for the grading, surfacing and extension of San Bruno Rd. has been referred to the county engineer by the board of supervisors.

Nearly 700 residents had signed a petition offered by Arthur E. Kennedy, asking for the extension of the road in the interests of public safety. Kennedy told the board that fire trucks must make a long detour in answering a call to Brisbane Acres, because San Bruno Rd., the shortest route, was impassable.

Guy Kennedy Passes On

Funeral services were held Monday for Guy R. Kennedy, former Redwood City resident and presidentdent of the Chamber of Commerce here.

Mr. Kennedy died last Friday at the Vallejo Community Hospital. He had been living in Vallejo since 1934, having moved from Redwood City. In Vallejo, he had been manager of the Standard Oil Co., president of the Rotary Club, executive vice-president and manager of the Chamber of Commerce, and participated in the Community Chest campaigns.

While in Redwood City he was a member of the Kiwanis Club. He was interested and took an active part in local Community Chest drives.

Less than a week before his death, he was present at the opening ceremony of the Community Chest Drive in Vallejo, and immediately after the occasion was hospitalized by physicians for a serious heart condition.

Funeral services were held in the Chapel at the Chrisholm and Dickey Funeral Home in Vallejo. Interment took place today in Chico.

Mr. Kennedy is survived by his wife, Mrs. Millicent J. Kennedy; two sons, Leroy C. Kennedy who is connected with a bank in Richmond, and Donald E. Kennedy of Portland, a former Sequoia High School football player; two daughters, Faye Ellen and Marilyn Jean Kennedy of Vallejo; his mother, Mrs. Mary E. Kennedy of Chico; a brother, Chester E. Kennedy of La Mesa; six sisters, Mrs. Marshall Alspaugh, Miss Edna Kennedy, both of Oregon; Mrs. Frank Wylde and Miss Veda Kennedy of Chico, Mrs. Eva K. Shearer of La Mesa, and Mrs. G. E. Schmidt; and three grandchildren, Tod M., Patricia Ann, and Kristi Kennedy.

Dorothy Nichols Wed

White chrysanthemums and candles decorated the Redeemer Lutheran Church on Saturday evening at 7 o'clock when Dorothy Nichols became the bride of Stanley Tucker of San Mateo.

The bride, daughter of Mr. F. S. Nichols and the late Mrs. Nichols of St. Louis, has been making her home with her aunt and uncle, Mr. and Mrs. F. W. Hopkins in Redwood City. The bridegroom is the son of Mr. and Mrs. Ward Tucker of San Mateo.

A soft blue dressmaker suit with black patent accessories and an orchid corsage was worn by the bride, who was attended by her aunt, Mrs. Hopkins. Mrs. Hopkins was in grey with a corsage of white gardenias.

Elden Tucker, cousin of the bridegroom, served as best man and Mr. Hopkins gave his niece's hand in marriage. The Rev. J. E. Marozik performed the double ring ceremony.

A reception was held at the home of the bridegroom's parents in San Mateo after which the newlyweds left for a honeymoon in Oregon where the bridegroom owns a ranch. They will return to make their home in Redwood City.

Stanley, a Sequoia High School graduate, served with the marines during the war. Dorothy was educated in St. Louis and is the granddaughter of Mr. and Mrs. Joseph Nichols of that city.

The Alumni Meeting

A million dollar endowment fund by 1951, the centennial year of Santa Clara University, is the goal set for Santa Clara alumni, Father Hugh Donovan told a meeting of the Peninsula Chapter, Santa Clara University Alumni Assn. at Ramor Oaks Tuesday night.

According to Father Donovan, the fund, which at present totals $173,000, will be used to employ additional lay professors, and not for building. Father Donovan urged alumni to become more active during the next years to raise the required endowment fund.

Joseph Morey of Menlo Park was elected president of the Peninsula chapter last night, replacing Past Pres. Carl Britschgi. Thomas Maroney of San Mateo was elected vice president, Patrick Callahan of San Mateo, secretary, and Paul Fretz of Mountain View, treasurer.

Other speakers at the meeting were Santa Clara Head Football Coach Len Casanova, his assistant, Jack Roche, and alumni secretary, "Dutch" Hamman.

Mercy Alumni Reunion

The annual homecoming reunion of Mercy High School's alumnae will begin next Sunday, Oct. 21, at 2:30 p.m. at the high school in Burlingame. A busy program scheduled by Miss Clara Carey, president, includes: a review of alumnae activities, election of officers for the coming year, and charting of plans for 1946-47.

Guest speaker, Miss Elinor Louise Falvey, past archdiocesan president of the NCCW, will tell the group about "The Function of the National Council of Catholic Women."

Following the meeting tea will be served in the music conservatory. Miss Mary Keane and Miss Valerie Schuld of Redwood City are in charge of social arrangements. Mercy Alumnae members and their friends have been invited to the homecoming reunion.

A Freak Accident

A truck and its flatbed trailer loaded with cement bags parted company at the Ralston Ave. railroad crossing in Belmont Tuesday when a northbound passenger train came between the two, depositing the truck on the west side of the tracks, the trailer on the east side, and cement on both sides.

The driver, Joseph A. Perry, 2800 East Ave., Hayward, escaped injury when he jumped from the truck just before the train crashed into it at 2:20 p.m. Tuesday.

According to Belmont Police Chief Fred Johnson, a southbound train had just passed the crossing, and Perry, thinking the way was cleared, drove his truck to the middle of the tracks before hearing the northbound train's warning whistle.

Chief Johnson estimated that 100 bags of cement were strewn around the scene by the accident, but said that neither truck nor trailer were badly damaged. The train was only delayed 10 minutes, he said.

Perry told Johnson that he was driving the cement from Hayward to Half Moon Bay for the owner, Lawrence Silva of Hayward.

Boy Scout Happenings

High point of Thursday night's Boy Scout camp rally and reunion at the Burlingame High School featured awards to troops with most oustanding records of participation in the recent San Mateo County Fiesta at Bay Meadows.

Explorer Post 13 of San Bruno was awarded a loving cup for its exhibit, judged the best of all the scout displays. The cup was a gift of Dr. Don McLachlan of San Mateo.

In the scout troop division, first prize for an outstanding exhibit was won by Troop 139 of Woodside; second prize, Troop 100 of San Mateo; third prize, a three-way tie between Troops 83 of San Bruno, 161 of Belmont and 107 of Menlo Park. Troop 12 of San Mateo placed fourth and 120 of Redwood City fifth. Honorable mention, with a special ribbon, went to Troops 75 of Lomita Park, 80 of San Bruno and 23 of South San Mateo.

In the cub division, Packs 38 and 76 of San Bruno won first and second prizes, respectively, for their exhibits.

Air Scout Squadrons 1 of Burlingame and 2 of San Carlos tied for first place in their division, and Post 13 of San Bruno won first prize in the explorer scout department.

San Mateo's Ship 17 rated first prize in its division for its sea scouting display. Ship 3 of Burlingame made second place, with Ship 35 of San Mateo a close third. Honorable mention was made of Ship 73 of San Bruno.

Burlingame City Atty. I. Karmel delivered the main address at the rally. Karmel, past president of the San Mateo County Scout Council, spoke in particular to 10 new Eagle Scouts, honor guests of the evening. He stressed the challenge of continuing their efforts to extend and improve scouting in the community.

New Eagle Scouts include Edmund Wilkins, Troop 10, Burlingame; Walter Lee, Troop 32, San Mateo; Walter Laubscher, Troop 49, Millbrae; Julius Kahn III, Troop 92, Hillsborough; Jack Stanard, Lone Scout, San Francisco; Philip Jaeger and Lyle Olsen, Troop 142, San Mateo; William Lohmann, Troop 147, Burlingame; George McGaffigan and Richard Armstrong, Troop 160, Redwood City.

★ ★ ★

Den Mothers from packs in the southern district met Thursday evening, Oct. 10, at McKinley School for instruction in various phases of pack management.

The evening's course included a description of several crafts useful for den meetings, by Mrs. J. H. Flanagan of Pack 16, Redwood City; demonstration of novel games by Mrs. Doris Eardley and Mrs. Cecile Hunt of Pack 49, Redwood City; a lesson in proper management of dens by Mrs. Robert Gebbie of Pack 22, Redwood City, and pointers of program planning by Mrs. Bruce Schott of Pack 16. Mrs. Will Rogers, also of Pack 16, was in general charge of the evening.

Den mothers attendings represented Packs 16, 15, 40, 49, 62, 10, 22 of Redwood City; 54, 52, 53 of San Carlos, and Pack 63 of Menlo Park.

The Airport Problem

The City of San Mateo will start abatement proceedings against Bay Meadows Airport in two weeks unless the Civil Aeronautics Administration grants a right-hand pattern for the field, the city council decided Monday night.

In a special caucus meeting the council reversed its earlier decision to appoint an airport committee to make a further study of the situation.

Mayor Claude J. Hirschey said the council felt the right hand pattern, if granted by the CAA, would end the objections by South San Mateo residents who have protested noisy and low flying planes over homes in the area.

But, he said, unless the CAA acts promptly, abatement proceedings will be started in two weeks, throwing the entire matter into the courts.

The airport would continue to operate during the abatement proceedings.

Tickets on Sale

Tickets for the Chamber of Commerce Fall Fashion Show went on sale Monday at three downtown stores. Tickets may be obtained at Miller's Stationery & Toy Store, 2608 Broadway; the Barry Dress Shop, 2419 Broadway, and Mitchell's Bootery, 2361 Broadway.

The Thursday show in Foresters Hall will give spectators an opportunity to see clothes modeled which are available in city stores.

The Firemen

San Carlos firemen yesterday put out a fire in a new house under construction across the street from 1445 Park Ave., San Carlos, owned by Jack Fisher.

The fire, which was reported at 3:20 p.m., scorched a wood fence and the side of a garage, causing $50 damage, firemen said. The cause of the blaze was unknown.

They Back Fletcher

Evans A. Fletcher, candidate from Redwood City for state assemblyman from San Mateo County nas recently been endorsed as the official candidate of two labor groups.

They are the Brotherhood of Railroad Trainmen, as signed by Harry See, state executive secretary and representative of the union, and by the A. F. L. Central Labor Council of San Mateo County.

A Reckless Driver

William H. Braumoeller Jr., 21, of Daly City was arrested in Redwood City at 1:35 a.m. Monday by San Carlos police who chased him at speeds in excess of 85 miles per hour all the way from Belmont.

Held in the county jail Sunday night on a charge of reckless driving, he was released Monday on $150 bail and ordered to appear before Judge Rupert Johnson's San Carlos City Court Oct. 23.

Women's Society

Luncheon reservations must be in by Friday, Oct. 18, for the "Apron Review" luncheon to be given by the Women's Society of Christian Service of the First Methodist Church on Oct. 23 at 1 o'clock, it was announced Wednesday. Handmade aprons will be modeled by the members.

An Historical Dress

A wedding dress first worn in 1892 by Minnie Stalter when she married James Wood was among the clothing modeled at a chamber of commerce fashion show Thursday in Foresters' Hall.

The dress is of satin, trimmed heavily with pearls which were sewn to the garment. It has long sleeves and a high collar.

Steel staves held the bride within its 18-inch waist line.

Mrs. Nelle Miramontes, city tax collector, said a lot of Redwood City history revolves around the dress. The ceremony, she continued, took place in the home of the parents, James and Elizabeth Stalter, at 509 Stambaugh St. The home, built by the late George C. Ross, is still standing. Ross, Mrs. Miramontes explained, was the father of Lee and Hall Ross, attorneys.

The bride had been a city school teacher. She died last January and was the aunt of Henry J. Mengel, policeman, and Mrs. Sophie Mengel Hunter, 162 Duane St. Her father had been the superintendent of the city water works.

E. W. (Ned) Butler, chamber manager, said that Hans Jacobsen, Peninsula Begonia Gardens, was in charge of decorating the hall for the travel-theme style show. He said that 12 Redwood City models would show clothing available in city stores.

A Scene of Brawls

The Two Friends Cafe, already under investigation as an unofficial brawl center, was the scene Saturday night of a jackknifing. Frank Barker, 22, 108 Linden St., is accused of jabbing Ruben Land, 238 Hemlock St.

Police Lt. S. D. Wood said police had booked Barker on a charge of assault with a deadly weapon. Land was rushed to Community Hospital for treatment after the altercation and released. Monday he was recovered sufficiently to consult with Police Judge W. H. (Bud) Thorpe. The police lieutenant would not tell what the fight was about.

At the last city council session, Councilman Carl (Ike) Britschgi requested that City Mgr. E. W. Blom conduct an investigation to determine whether the city could revoke the Two Friends restaurant license and to consult with the State Board of Equalization with a view towards getting the restaurant's liquor license revoked. The place, Britschgi claimed, was too often the scene of fights.

Hobby Show Notes

Entries in the Redwood City Hobby Show to be held this Saturday and Sunday at the West Bay Motor Co. showrooms are still being received, it was announced Tuesday by the Recreation Dept. and the 20-30 Club, co-sponsors of the show.

George Boring has entered a display of old Indian baskets and handpainted pictures of the 21 California Missions. Dr. Herman Pepper will display table lamps and photographs.

Mrs. O. R. Nystrom has entered her collection of English cups and saucers and Jack Dunlap, a collection of coins.

Entertainment will be furnished by members of the Harmony Clan, featuring the Double H Boys, Patsy Marcus, Rangerettes, Barbara Lee Champion, Ruthie Camara, Gloria Ward, Mariel Rae Raaen, Karleen Franklin, Christenson Sisters, Richard Rozelli, Barbara Madrid, Lauretta Duncan.

Although the time is drawing to a close, entry blanks may still be obtained at The Electric House, Holmquist Hardware or the Recreation Office.

The Hunted Absolved

A coroner's inquest held in Fresno in the death of William Gillis, 20, 809 Canyon Rd., Redwood City, Monday absolved Norman Eglund, 34, of San Juan Bautista, of blame in the deer hunting accident, Fresno County Chief Dep. Coroner L. R. Webb announced Tuesday.

Gillis was killed Sunday morning when he was struck by a bullet from Eglund's rifle while they were hunting deer near White Deer Saddle in Kings River Canyon. Webb said jurors exonerated Eglund after listening to testimony which showed the San Juan man was not aware that any other hunter was in the vicinity.

"Eglund did not shoot at moving brush as has been the case in some other deer hunting accidents," Webb said. "He was on a ridge at about the same level of another ridge along which the buck was running. He could not see Gillis who was on a third ridge beyond the ridge on which Eglund saw the deer."

"He fired at the deer and missed, and the bullet continued on, striking Gillis. It was entirely accidental," Webb declared.

The young man's parents, Mr. and Mrs. William Gillis of Del Piedra, his wife, Betty, and four sisters, Mrs. Betty Hardy and Mrs. Josephine Basye of Redwood City and Mrs. Myrna Thomas of Richmond and Mrs. Ellen Jamieson of Fresno, attended funeral services held Wednesday at 2 p.m. from the Cain & Creager Mortuary in Sanger, Calif.

Missionary Society

The Women's Missionary Society of the First Baptist Church meeting scheduled for Tuesday has been postponed until Tuesday, Oct. 22, at 12:30 o'clock when luncheon will be served. The meeting was postponed because of the Baptist convention at Salem.

Sale Postponed

The rummage sale of the Palo Alto Auxiliary of the Veterans of Foreign Wars has been postponed until sometime in November, Mrs. H. W. Tollner, chairman, announced Saturday.

The sale was originally scheduled for Oct. 16 and 17 but was changed because of a conflict with a rummage sale to be held by the Stanford Convalescent Home at that time.

VETS OPEN "PANTRY"

New owners of the Pantry, at 1045 El Camino Real, Menlo Park, are Joe Humphreys, 1357 Johnson St. and his brother-in-law, Robert K. Martindale, 1054 Arbor Rd. Both are navy veterans. They will take over the shop this week.

San Bruno Satisfied

The county board of supervisors Tuesday passed a resolution ordering the Macco Construction Co. to post a $200,000 bohd to cover damages to homes in San Bruno, where the firm is carrying out blasting operations to obtain rock and sand fill for the Mills Field Airport.

The board also voted to notify the Macco company that they must pay the expenses of a county inspector who will report to the board on the effects of the blasting, dust and noise.

The action came after George Avery, 407 Linden Ave., San Bruno, a juror discharged from the Newton murder case, appeared before the supervisors to complain of damages done by the blasts to his home.

Complaints from home owners in the area were heard by the board two weeks ago, and at that time the board had ordered the county engineer's office to take steps to see that the construction firm bated what complainants called "a nuisance."

Tuesday, Supervisor Thomas L. Hickey, before making the motion for the bond and an inspector charged the construction company with "stalling" on the board request and said that the firm was "making suckers of us." He called for protection of the home owners in the area.

Areme Club

All members of the Areme Club were present last Thursday when the annual fall luncheon was given at the Villa Chartier in San Mateo.

New Citizens

To Mr. and Mrs. Tudor Bogart, 455 Broadway Redwood City, a daughter was born at the Palo Alto Hospital on Oct. 14.

To Mr. and Mrs. Joseph Pew, 715 College Ave., Menlo Park, a son was born in the Palo Alto Hospital on Oct. 14.

To Mr. and Mrs. George Adams, 1213 Heller St., Redwood City, a daughter was born on Oct. 11 at Mills Hospital.

To Mr. and Mrs. Charles DeMar, 985 Montgomery St., San Carlos, a daughter was born on Oct. 11 at Mills Hospital.

To Mr. and Mrs. Spencer Fish, 908 Menlo Ave., Menlo Park, a son was born at Mills Memorial Hospital, on Oct. 12.

To the Rev. and Mrs. Eric Jackson, Ravenswood Ave. and Laurel St., Menlo Park, a daughter was born on Oct. 12 in the Palo Alto Hospital.

To Mr. and Mrs. Ettore Andreina, 739 Chestnut St., Redwood City, a son was born in the Palo Alto Hospital on Oct. 12.

To Mr. and Mrs. Lyndall Dillender, 611 Circle Dr., East Palo Alto, a son was born in the Palo Alto Hospital on Oct. 12.

Where to Put It?

Use of the Andrews property as the site of the proposed Menlo Park elementary school was protested at a meeting of the Menlo Park School Board Monday night.

The board said a decision between the Andrews property and the Prior property would be announced soon.

At the meeting a month ago, a large protest was made against use of the Prior property.

Two chief objections were raised to use of the Andrews property. One was that it would cause increased traffic on Felton Dr., which, it was claimed is narrow and not meant to be a thoroughfare. The other was that it is not as centrally located in regard to population of the district the school would serve as the Prior property.

Encinal Ave. and Middlefield Rd. are meant to be thoroughfares, the protestants declared, and therefore would be better suited for handling traffic to a school located on the Prior property at their intersection.

John W. Ham, San Francisco attorney representing the Andrews property, asserted that moving the site to the Andrews property would be moving it in the wrong direction, away from the natural growth of the community.

He pointed out that the Andrews tract is within the City of Atherton, and cannot by law be subdivided into less than one-acre lots.

At the September meeting of the board, it was argued that a school on the Andrews property would be directly opposite the James St. entrance to Lindenwood Tract. Therefore, children from Lindenwood and the subdivisions to the north would be able to get to school by just crossing Middlefield Rd.

It was also argued that a school on the Andrews tract would have two entrances, one at the end of Laurel Ave. as well as a front entrance on Middlefield Rd.

A survey was conducted earlier by the Stanford School of Education at the request of the board and indicated that the Prior property is the exact center of a circle, one-half mile in radius, which covers the area to be served by the new school.

Woman's Society

A rummage sale has been planned by the Women's Society of Christian Service of the First Methodist Church to be held on Oct. 18 and 19 at the church hall. Members have been asked to contact their circle leaders with articles to be donated to the sale, proceeds from which will benefit the church. Garments will be pressed on Thursday at the church.

On Wednesday, Oct. 23, the WSCS will have an "Apron Review Luncheon" at the church, when the price of admission is a hand made apron and all aprons will be modeled by members with prizes for the winners.

'Columbus Day Jig'

The Pilgrim Fellowship group of the First Congregational Church sponsored a dance — the "Columbus Day Jig" — Saturday night, Oct. 12, in the social room of the church.

The decorations centered around a large mural of the "Santa Maria," which was spot-lighted in blue and which covered an entire wall of the room. Refreshments were served through the portholes of the ship. Creating the illusion of a dock, greens and rocks bordered the other three walls of the room. A chest of glittering jewels and seven foot sketches of Indians, adventures, and pirates provided an atmosphere of authenticity. Blue streamers covered the ceiling.

Chaperones included Mr. and Mrs. Bill Stevens, Mr. and Mrs. Francis Pearson, and Mrs. Virginia Smithee.

Mr. and Mrs. John Dusel are the advisers for the young people, who meet regularly every Sunday evening at 7 o'clock at the church. Those on the social committee planning the dance were Kay McCoy, Pat Marcus, Pat Brizee, Diane Smithee, Carolyn West, Claudet Smithee, Howard McWay, and Bill Brizee.

Couples were admitted free by tickets previously distributed at Sequoia High School by Sandy Rockwell, Jane Anthony, Mary Birmele, Joan Florence, Beverly Granger, Margie Coykendall, Bill Beeger, Grace Childs, and June Pattee.

Mother's Club

On Friday, Oct. 18, the Rainbow-DeMolay Mothers' Club will meet at the home of Mrs. W. B. Langston, 12 Myrtle St., with Mrs. W. Breckenridge and Mrs. Fred Nicoli as co-hostesses at the 1 o'clock dessert luncheon.

Mrs. Muriel Merman, Redwood City librarian, who was unable to attend the last meeting, will give several reviews of current best-sellers.

Mrs. Langston's son, Bob, will be installed as master counselor of the DeMolay on Saturday night at 8 o'clock at the Masonic Hall. The ceremonies will be followed by dancing and all parents and friends have been invited to attend.

Martin McLoughlin

Martin McLoughlin, 18, is expected home in about a week after a trip to Alaska as a member of the crew of the USS Clairmount Victory for "operation frigid."

He has been in the merchant marine for 18 months, and probably will be discharged in three or four more months, his family said. He attended Sequoia High School and expects to go to San Jose State or the University of California when he is discharged.

His brothers Joseph, 23, and Tom, 20, both served three years in the merchant marine.

"For Jimmie and me

Vote 'YES' on 3!"

Proposition 3 will relieve the teacher famine in California by guaranteeing public school teachers a minimum salary of $2400 a year. *Local taxes will not be increased by this measure. State funds are available for this purpose.*

Two hundred California organizations, including the following, urge you to vote **"YES"** on **3**—Republican and Democratic Parties, American Legion, Veterans of Foreign Wars, Disabled American Veterans, A F L, C I O, Native Daughters and Native Sons, and P-T A.

And remember — when you vote "Yes" on 3, be sure to vote "No" on 13, which would further reduce present inadequate school appropriations.

"Vote YES" on 3!

(General Election, Tuesday, November 5)

CALIFORNIA COUNCIL OF EDUCATION

DE YOUNG BUILDING, SAN FRANCISCO

When you come to think of it, the friendly confidence people have in Greyhound service is rather an extraordinary thing.

Most experienced travelers have come to look on Greyhound as much *more* than just another bus line. They know it as a warm, very human, very American transportation service made up of many *extra* things that make a big difference to the fellow doing the traveling.

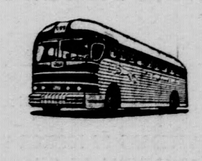

The fact is that people like Greyhound *because Greyhound likes people.* The very heart of Greyhound service is the cheerful, *personal* interest Greyhound folks take in their passengers.

Greyhound remembers always that its job is to carry people ... not mail, not freight, but *people.* That's why careful consideration for the welfare of every passenger is the basis of Greyhound policy.

Today, a mother and child, an elderly person, or people who have never traveled before can enter a Greyhound depot and be sure of getting safely, pleasantly to their destinations ... *cheerfully cared for all the way by Greyhound.*

To GREYHOUND *you're a* PERSON *as well as a passenger.*

PACIFIC GREYHOUND LINES

Coastside News

Half Moon Bay can well be proud of its showing in the recent San Mateo County Fiesta. The Future Farmers took a first for their agriculture display, and a special award for cattle. The Half Moon Bay Growers Assn. took a first, and several first and second awards were won by individuals such as Gaspar Intoschi, W. J. Cunha, J. J. Cunha, M. Seri and Eddy Lea.

★ ★ ★

A week from today (Oct. 25) many livestock men in this vicinity will journey to George Keyston's Corte Madera Ranch to see an educational field day staged jointly by the cattlemen's association, the farm adviser and the University of California Agricultural Extension Service.

★ ★ ★

Preparations are nearly completed for the 25th annual Soccer Ball to be held at Pescadero High School tomorrow evening. Judnic's famous dance band will play for the event, which is being held in honor of the freshman class of '50 at the school in the auditorium.

Mrs. Frederic A. Lane of Moss Beach has sent a strongly worded letter to the Civil Aeronuatics Authority protesting use of Princeton flight strip by novice pilots who, she says, create a terrible noise nuisance by roaring their motors and flying low over the community.

Rev. Thomas Nelson Gone

Funeral services will be held Friday for the Rev. Thomas Nelson, who died here Tuesday. He was for 22 years a resident of Redwood City, and was the retired pastor of the North Fair Oaks Community Church on Middlefield Rd. and Third Ave. which he founded in 1938.

The Reverend Nelson was born 73 years ago in Denmark. In 1892 he came to the United States to work on a farm in Iowa. There he became interested in the ministry.

In Iowa he met and married a young school teacher, Keo Akers, and the two traveled through the Midwest and East doing ministerial service.

He established a school for ministerial students in Minnesota, and wrote many songs and books, some of which are still popular in Denmark. One of his most widely read book in the United States is "Home, Health and Success," which was published about the turn of the century.

After 30 years of service, Rev. Mr. Nelson retired in 1924 and moved with his family to Redwood City. For several years he built homes in the community, and in 1938, he built the North Fair Oaks Community Church where he was active until his recent illness.

The funeral will take place at 2 p.m. Friday at the Layng & Tinney Funeral Home. Interment will be in Alta Mesa Memorial Park.

Six years ago Rev. Mr. Nelson's wife, Keo, preceded him in death. He is survived by his seven children: Dr. Frances Nelson of Palo Alto; Paul O. Nelson and Dorras N. Stryker of Redwood City; Daniel A. Nelson of Atwater; Patricia Weiner of San Francisco; Rowena Potthoff of Los Angeles; and Elaine Boettiger of Glen Ridge, N. J.

They're Off to China

Mrs. Lewis F. Kruse Jr., of 1860 Camino Los Robles in Menlo Park and her three children, Lewis II, 12, Barbara, 6, and Robert, 4½, will be heading across the Pacific on Monday.

They will leave from Seattle on the Edward Ainsworth for China to join Captain Kruse, who's stationed in Nanking. They are contemplating a two year stay in the Orient—and Mrs. Kruse has been scurrying about shopping for both winter and summer provisions for herself and her family.

She has been the honored guest at a luncheon given by Mrs. Vance H. Bastion at her Menlo Park home and another luncheon given by Mrs. Henry E. Kessler at Rickey's.

The Supervisors

The county board of supervisors Tuesday favored granting of a permit to the Harbor Development Co. of San Francisco for the construction of a spur track east of Belmont, but sent the resolution back to the planning commission for ironing out technical details.

The planning commission had reported favorably on the application for the spur, which would cross the old County Rd. and feed the industrial area east of the Southern Pacific tracks at Belmont.

Charles N. Kirkbride of San Mateo, attorney for the San Francisco firm, presented a resolution which gave in detail the route for the proposed spur. This was sent to the planning commission to resolve the differences with the one they earlier had approved.

The supervisors also approved a request by Miss Pansy Jewett Abbott, county superintendent of schools, for the purchase of a station wagon to transport spastic children to the new school, El Portal, on the Mills Estate.

In other actions the board:

Referred to the county engineer a report by H. C. Vensamo, San Francisco public works director, on pollution of water near San Francisco beach by sewage from the Vista Grande sewer, because of the residential boom in Daly City and Colma.

Granted a request from J. Hal Cowan, Colma city attorney, for use of the services and facilities of the county building inspector's office here.

Accepted a bid of $250 from Charles W. Diehl for portions of seven lots in the Belmont Country Club properties.

Agreed to a Civil Service Commission request to waive county residency requirements for examinations to be given for stenographer-clerk, Class 1.

Heard a report by County Engineer M. A. Grant on the planned construction along Corkscrew Slough. Grant read an opinion by the Redwood City Port Commission that the War Department should grant the necessary permit, and that no county action will be necessary.

Referred to the county coroner a proposal by the San Mateo County Medical Assn. that the pathology department of Mills Memorial Hospital be selected to perform postmortem examinations for the county.

Approved a planning commission report to grant the Amphlett Printing Co. a permit for the construction of a 1000-watt radio station and two 150-foot towers opposite Mountain View Ave., north of Belmont.

Granted a request by the Rev. Thomas J. McKeon for permit to construct a Catholic church in North Fair Oaks.

Set for Nov. 6 a hearing on the petition of the Hills Development Co. for annexation to the Lomita Park fire district, and for Nov. 19 a hearing on a resolution to annex the Meadow Glen area to the Millbrae Sewer Maintenance District.

Now They Can Build

The Civilian Production Administration has approved a $47,000 addition to Las Lomitas School in Menlo Park, it was announced Wednesday.

Construction will begin as soon as possible, P. E. Davidson, chairman of the school board said. Three classrooms will be built.

The CPA cut down value of the original application, Mr. Davidson declared, and the school board is applying for additional grants. At least another classroom is needed, he said.

He pointed out that 150 new homes are under construction in the school district and 75 or more new children are expected during the coming year. The CPA approval was based on need for additional school facilities in a new residential area.

Gardening Tips

BY ROLLY LANGLEY

If this column seems a bit out of sorts today, lay it to the cut finger which makes writing awkward. Little things often induce a bad humor which affects important things, and therefore should earnestly be avoided. A minor bad humor can start a whirlpool or vicious circle. Indeed, the finger probably wouldn't be cut if an unknown dog hadn't buried a bone in a young viola bed. A mere philosophical attitude would have landed your reporter at the garbage can with a less vigorous manner of cramming refuse in. The broken olive jar might then have been missed.

Be that as it may, the fact remains that a lot of people ought to get larger or more garbage containers. And it's bad luck to crush more into a full one with your bare writing hand.

You'll be interested to know that for some days negotiations have been in progress so that a new variety of seed might be offered through this column soon. Don't mail a self-addressed stamped envelope yet. Something might fall through. But it would be quite safe to get one ready for mailing. You know that every effort is made to find some worthy variety of seed that isn't yet available through dealers for you to try. This time I've tried to get something good to eat, and everything looks promising.

In figuring that home gardens put a $840,000,000 dent in the inflation bubble, an arbitrary seven cents per pound was used as the average price of fresh foods on the market. But what can you buy for seven cents, except watermelon? Cucumbers, 10, grapes 22, beans 17, etc., a check showed last week. If your family likes plenty of good fresh foods, without denting your bankroll too heavily, you'll have to brush up the old slogan: "Let's Grow It!"

Prices have generally been moving up, but incomes for most have at best stood still, gone down for many.

Mrs. O. M. McFarland writes: "For the past three years I have tried to grow strawberries. The plants look fine in the Spring and full of blooms. But later in the Summer they wilt and seem to die off. I have fertilized and sprayed constantly, but they continue to wilt and die until out of 100 plants only a dozen are left. I have bought new plants each year, but with the same result. Will the ground have to be treated in any way?

"I also have rose bushes that have rust on the leaves. I spray and spray and pull off all the leaves and spray again — but still the rust comes on. What can I do about it!"

There are combination sprays on the market which most greenthumbers have found effective in controlling rust and mildew on roses. However, their value is slight, unless the spray is applied thoroughly, and that's almost impossible unless one has a good spray gun. The sprays must be applied every week to do the most good.

There may be some disease in the soil which causes loss of strawberry plants, and to insure against this, it's safest to put new planting in another part of the garden.

But strawberry mites could get a start in Spring and kill off the plants by Summer. A bordeaux and oil spray in early Spring is best known control. Plenty of organic matter in the soil, a mulch, and regular irrigation will help keep strawberry plants healthy and thrifty.

Strawberries should be fertilized constantly, though, not more than should other plants. It's quite possible to burn up plants with over doses of commercial fertilizer. To keep a constant nutrient supply is essential, however, and if small applications are made weekly, you're safe enough.

Banner strawberries are important commercially both because of quality and their proven resistance to verticillium wilt, a disease which has caused great losses among strawberry growers in Central California. . . . Nurserymen will soon have strawberry plants. See your dealer soon and place your order.

S.F. Girl Injured

A San Francisco girl sustained minor injuries Tuesday when the motorcycle on which she was riding tandem skidded on a shoulder and spilled the riders on Coast Hwy., seven miles north of Half Moon Bay.

The injured girl, who was taken to Mission Emergency Hospital by a passing motorist, is Miss Sally Kinglin, 21. The driver of the motorcycle, Julius Anthony Norman, 21, also of San Francisco, was uninjured.

A Vigorous Newcomer

The American Veterans Committee, composed of veterans of World War II, will be represented by a chapter in Redwood City, according to Sterling O'Ran, 1406 Redwood Ave., who has applied to AVC's National Planning Committee for a charter.

O'Ran, veteran of three years' military service, has already listed as members the following local honorably discharged men: Angelo Flores, Edward Lopez, John T. Walker, John Lewis, John Whitten, Norman Bjorke, Henry Bennett, Donald A. Cullen, Aubrey Gibson, Jonathan H. Rowell, William E. Spangle, Jr., Don Allan, James B. Mackie, and Hobert W. Burns.

"It is our feeling, O'Ran stated, "that the vets of this war should have their own organization. We are in complete accord with President Truman's statement to that effect."

The AVC, he explained, came about when a group of fighting men, while the war was still in progress, decided to take steps to form a new organization. By mail, bull session, and occasional articles in magazines, the AVC grew from the original handful to a national organization with more than 100,000 members in some 750 chapters at this time.

Its aims, condensed to a single sentence, O'Ran declared, are: "A more democratic and prosperous America in a more stable world."

Clothesline Thieves

Thieves who stole his car also raided the clothesline, Frank D. Wentworth, 15 Cedar St., Atherton, reported to sheriff's officers here.

Births

To Mr. and Mrs. Hugh L. Phillips, 144 Willow Rd., North Palo Alto, a daughter was born in the Palo Alto Hospital on Oct. 15.

To Mr. and Mrs. Albert Del Bono, 112 Dumbarton Ave., Redwood City, a son was born at the Palo Alto Hospital on Oct. 15.

To Mr. and Mrs. Arvillo McIntyre, 173 Warrington Ave., Redwood City, a son was born in the Palo Alto Hospital on Oct. 15.

To Mr. and Mrs. Rene Pedroni, Route 1, Box 635-F, Redwood City, a daughter was born in the Palo Alto Hospital on Oct. 15.

To Mr. and Mrs. Henry Tarratt, 109 Wilson St., Redwood City, a daughter was born at the Palo Alto Hospital on Oct. 15.

To Mr. and Mrs. Argelo Guarino, 303 Buckeye St., Redwood City, a son was born at the Palo Alto Hospital on Oct. 15.

To Mr. and Mrs. Lorne Campbell, 269 King St., Redwood City, a daughter was born at the Palo Alto Hospital on Oct. 15.

The Sheriff Speaks

BY AL BODI

With the county jail operating near capacity, Sheriff James C. McGrath Wednesday foresaw need for additional facilities if the county is to maintain its high standards in caring for prisoners.

Some of these standards already have been relaxed to the point where it is becoming difficult to maintain the segregation of prisoners serving time for felonies from those incarcerated for misdemeanors, sheriff's officers said.

While a state committee is drafting recommendations for widespread jail reforms in California, Sheriff McGrath outlined his plans for future expansion. These plans, he emphasized, are dependent on appropriations of money by the board of supervisors.

McGrath's alternative plans are:

1. Purchase of land behind the existing jail structure and the construction of a three-story addition to the jail.

2. Development of a county farm system.

Of the two plans, McGrath prefers the second. It would give prisoners useful work under healthful conditions. It would aim at rehabilitation and crime prevention.

McGrath's idea calls for the county agricultural agent to outline and direct the farm work of the prisoners. Guarding and the maintenance of discipline would, of course, remain in charge of the sheriff's office.

The present jail population is about 55, McGrath said. The maximum capacity of the jail is 75 prisoners, although as high as 100 could be handled by putting cots in the jail corridors.

Major cause of the crowding is not so much an abnormal increase in the crime rate in the county, McGrath said, as the boom in population. Although all towns in the county have recorded large residential gains, many still either are without jails or have inadequate jail facilities.

This means that the county jail becomes the "hotel" for a large number of one-night guests who are arrested by town police for misdemeanors or motor vehicle code violations.

The sheriff pointed with pride to a report by the International Association of Police Chiefs which more than a year ago gave McGrath's establishment a high rating.

The major abuses found in most jails by the state committee do not exist here, McGrath said. The abuses listed are:

1. The fee system of feeding prisoners. This practice permits jail officials to pocket unused portions of funds provided for inmates' food.

In the county jail here, raw food is purchased through the county executive's office. Trusty cooks prepare the food in the jail, and three meals a day are served—in most jails prisoners are fed only twice a day. There have been no complaints from inmates about the food, McGrath said.

2. The "kangaroo court," under which jail operation is more or less in the hands of the prisoners. Such methods usually result in the bullying of younger or more timid prisoners by hardened thugs.

Such practice does not exist here, McGrath said.

3. Lack of segregation of young offenders from older criminals usually results in "crime colleges."

Prisoners here are segregated according to adults and juveniles, and according to felonies and misdemeanors, McGrath said. Crowded jail conditions tend to break down this rule.

4. Poor sanitation, ventilation, plumbing and lighting.

The jail here is noted for its cleanliness, McGrath said. Prisoners are inspected upon arrival, and if infested, their clothes are removed and fumigated. Showers are available to all prisoners at all times. Clean bedding and mattresses are a problem, McGrath admitted, due to the shortage of sheets. Sheets are washed weekly, he said, and bedding aired periodically.

The state committee's recommendations will include psychiatric treatment of alcoholics instead of incarceration. Juvenile education programs will be urged to cut down the present high rate of delinquency among 'teenagers.

Baptist Meeting

Thirty-two men were present at the Baptist Brotherhood monthly dinner Monday night, when Walter Sjosten of the San Mateo County Recreation Commission showed moving pictures on television and cartoons.

Dr. Charles Shepard, head of the Chung Mei Home for Chinese boys at El Cerrito, who was to have been the principal speaker, was unable to attend.

Wayne MacAdam led songs and devotionals. Max Barnhart played the piano, Joseph Spinella led in prayer, Chester Liddicoat had charge of entertainment and Everett Carlson was program chairman. Pres. Cecil Martin presided at the business meeting.

Contest winners were W. O. Dahlin, Eugene Wilson and Emerson Bolz.

Myron Harmon spoke on the proposed formation of a Sequoia Hospital Dist. which is to be voted on Nov. 5.

Plans are being made for a father-son football night for next month, at which time a prominent college football coach will be guest speaker.

More Land for Butano

The State Park Commission Friday will hear a recommendation urging purchase of land for the proposed Butano Forest, Frederick Olmstead, who made a survey of the land, has told the county board of supervisors.

The land which Olmstead will recommend be bought for the Butano Forest includes holdings of the Pacific Lumber Co. and the Hopkins Lumber Co.

The board of supervisors today also adopted a resolution urging that the name of the Portola State Park be changed to Chris Iverson State Park.

State Sen. Herbert C. Jones of Santa Clara County, representing members of the Sempervirens Club, spoke on behalf of the resolution.

The Portola State Park formerly was known as Shrine Grove. Chris Iverson, a Danish sailor, had built a cabin which is still standing there more than 60 years ago. Senator Jones said that one of the aims of his organization was to perpetuate place names in California, and that Portola has been used too much as a name for other places.

Members of state historical groups, including the San Francisco Historical Society, were at the session.

Sons of Italy

Ralph Buocco, 1784 West Selby L., Wednesday stated that 200 candidates will join the Order of the Sons of Italy in America Oct. 27. Buocco is chairman of the organization for the new Redwood City lodge, Galileo Gililei.

The lodge will be instituted at 2 p.m. at Foresters Hall. A banquet will follow at 4 p.m. Buocco said he anticipates a total attendance of 400, including city officials and delegates from 30 nearby California lodges of the order.

Romantic News!

Romantic news of the engagement of Peggy Scheib of Atherton to Clyde Underhill of Menlo Park, broth graduates of Sequoia High School, was disclosed today by the bride-elect's parents, Mr. and Mrs. Walter Scheib of Reservoir Ave., Atherton.

The bridegroom, son of Mr. and Mrs. Howard Underhill of 917 Alameda de las Pulgas, Menlo Park, received his discharge from the navy last May after serving for two and a half years.

Peggy has two brothers, Walter Jr., now attending Stanford University, and Howard.

Wedding plans have been set tentatively for early November.

A Plea for Safety

Police Officer Cole Stafford requested all parents to have their children use controlled crossing in going to and from school. Stafford said that the junior traffic patrol was in operation at specified intersections and that parents could safeguard the lives of their children by having them cross busy intersections only at control points.

Stafford listed these control points:

At Central School—1. The Middlefield Rd. side of the school. 2. Middlefield and Broadway. 3. Jefferson Ave. and Broadway. 4. Main St. and Broadway. 5. Main and Middlefield.

At Mt. Carmel School—1. Katherine Ave. and Grand St. 2. Katherine and Fulton St. 3. James Ave. and Fulton. 4. James and Grand.

At Lincoln School—1. Whipple Ave. and Elwood St. 2. Whipple and Duane St.

At Washington School—1. Woodside Rd. directly in front of the school. 2. El Camino Real and Manzanita St. (traffic signals).

At John Gill School—1. Jefferson at Myrtle St. 2. Jefferson at Avenue del Ora.

At McKinley School—1. James Ave. and Fulton St. 2. James and Elwood. 3. Cleveland St. and Jefferson. 4. El Camino Real at traffic signals.

Knowing those control points, Stafford pointed out, parents can determine themselves the best route for their children and insist that the children follow that route only.

The traffic patrol is composed of school children working under the direction of the police officer. Armed with yellow stop signs, they are backed by the police force which may arrest motorists who fail to heed their signals.

Civil Service Test

Applications for an open competitive examination for park supervisor must be filed by Oct. 26 with the Civil Service Commission office in the courthouse.

The examination will be held on Nov. 6, and applicants qualifying for admittance will be notified when and where to appear.

The position calls for supervision of a crew of park maintenance men and caretakers in the upkeep of county parks and recreation facilities, with a monthly salary range of from $213 to $266.

Applicants must hold a valid chauffeur's license issued by the State of California, and the equivalent to graduation from high school and three years of experience in a variety of park maintenance duties, or additional qualifying experience may be substituted for year of education lacking.

A Highway Study

Aerial maps of San Carlos and Belmont extending to the Bayshore Hwy., and a tentative sketch of an overpass to cross over El Camino Real and the Southern Pacific lines at Ralston Ave., were presented Tuesday to a joint meeting of the San Carlos and Belmont planning commissions by Robert Klassen, city engineer for both cities. The meeting was held at the San Carlos City Hall.

Discussion concerned approaches, left turns and also parking. Klassen's drawing did not obliterate all crossings for he said "it runs into money when you get into just sliding into traffic." He brought out that money apportioned for cloverleafs at the Bayshore Hwy. could not be spent elsewhere.

The state has made this apportionment for a cloverleaf at Holly St. in San Carlos and at Ralston Ave. in Belmont at the Bayshore Hwy. intersections, but Holly St. residents have objected and planning commission members last night reiterated that it is not the logical approach to San Carlos.

Klassen maintained that continued effort should be made to make the highway commission see that the two cities desire one cloverleaf and the rest of the money used to eliminate the El Camino Real traffic and Southern Pacific tracks hazards.

He pointed out Holly St. was not the main street of San Carlos and Belmont had already established set-back lines on Ralston Ave. for this purpose. It was also pointed out that traffic comes all the way from San Mateo to use Ralston to the Coastside.

An underpass plan was discussed, but Donald Lilly indicated this presents a drainage problem, and Klassen said an underpass also obliterates more territory.

Parking problems of the two communities was also touched by the joint meeting. It was thought the proposed bus line in the two cities would help commuter parking. The fact that a new market about to open in San Carlos did not provide its own parking space but was using vacant lots brought up the question whether large concerns should not be made to include parking areas in their plans.

Fred Drake, of the San Carlos planning commission presided, other attending were James Hugh Martin, Lilly, Lagomarsino, and William Scott from San Carlos and L. F. Reetz, Maurice Litou, Le Vesconte, and J. S. N. Bebb of Belmont.

HALT GRASS FIRE

Redwood City firemen extinguished a grass fire on Jefferson Ave. between Cleveland and Fulton Sts., Tuesday at 5:18 p.m.

A Wild Charge

High county expenditures, bond issues and selection of a Woodside Rd. juvenile home site were criticized Wednesday in a bulletin sent to San Mateo County taxpayers by the Civic League of San Mateo County.

The bulletin accused the board of supervisors of "squandermania," and called the 1946-47 budget a "haphazard mess" which calls for bond issues for construction and improvements on the juvenile home, health center, Canyon Sanatorium, relief home, Community Hospital and the county jail "without knowing when or where building materials may be found and without any definite idea of what the cost of material or labor will be."

The bulletin hit county selection of a Woodside Rd. site for the juvenile home, agriculture office and fire warden's office, which it said may cost between $35,000 and $51,000 or more, when the county has already 139 acres in the vicinity of the relief home available at no further cost.

Location of the juvenile home and other offices on Woodside Rd. would block expansion of Redwood City to the west, while the city is already restricted in expansion north, east and south, the bulletin charged.

Labor May Back AVC

The San Mateo Central Labor Council has been asked to support the American Veterans Committee in its opposition to the county war memorial building bond issue, Proposition 7.

A three man delegation from the San Mateo-Burlingame chapter of AVC presented to the council Monday night the case against the $750,000 bond issue, said no action would be taken until the executive board had held a hearing with both sides present. Joseph Moschella, William Spangle and Robert Hardgrove represented AVC.

The council concurred in a resolution urging restoration of former wage ceilings to the veterans apprenticeship program. The resolution was from the California State Council of Clerks.

New delegates from the San Mateo County Employes Union were seated. The delegates are George Miller, road department, president of the union; Benjamin J. Kost, head of the relief home, and F. Rentz, health department. Dan Scannell, international representative of the State, County and Municipal Employes Union, was named as alternate.

☆☆☆☆

"I am . . . shocked by the growing indifference and apathy toward our returning veterans . . ."
—GENERAL OMAR BRADLEY,
Chief, United States Veterans Admininstration

Here's California's Answer to Apathy, General!

California has the answer to apathy, General!

Proposition 2 will give the veterans of this State an assistance program second to none, supported NOT from legislative appropriations, NOT from new taxes, but from A GUARANTEED PERCENTAGE OF THE PROCEEDS OF STATE-SUPERVISED GREYHOUND RACING.

That makes sense to us, General, as veterans and as taxpayers.

California veterans want to see Number 2 win. They know California is not going to let her veterans down.

THIS STATE'S ANSWER TO APATHY IS

"YES" on 2

(General Election, Tuesday, November 5)
